*** ADJOURNMENT ***

Memo

To: Finance and Governance Standing Committee

From: Angila Bains, Manager, Legislative Services/Municipal Clerk

Date: July 16, 2020

Subject: **Ministerial Order No. M192 – Application for July 20, 2020
Finance and Governance Standing Committee Meeting**

RECOMMENDATION:

That the Committee pass the following resolution:

"That this resolution is passed pursuant to Ministerial Order No. M192, made by the Minister of Public Safety and Solicitor General pursuant to the *Emergency Program Act* on June 17, 2020;

That this resolution applies to the Finance and Governance Standing Committee meeting being held on Monday, July 20, 2020 (the "meeting");

That the attendance of the public at the place of the meeting cannot be accommodated in accordance with the applicable requirements or recommendations under the *Public Health Act*, despite the best efforts of the Committee, because:

1. Gatherings of greater than 50 persons are prohibited under order of the Provincial Health Officer;
2. The available meeting facilities at Saanich Municipal Hall cannot accommodate more than 23 persons present in person, including members of the Committee and staff;
3. There are no other facilities presently available that will allow physical attendance of the public in sufficient numbers:
 - a. without violating the prohibition against gatherings of greater than 50 persons; or
 - b. without compromising the availability of the options of attending the meeting by telephone conference.

That the Committee is ensuring openness, transparency, accessibility and accountability in respect of the meeting by the following means:

1. By allowing the public to hear via live teleconference.
2. By making the meeting notice available on the District of Saanich website, and directing interested persons to the website by means of the notices provided in respect to the meeting;
3. By making minutes of the meeting available on the District of Saanich website following the meeting."

DISCUSSION:

On June 17, 2020, the Province of British Columbia issued the Order of the Minister of Public Safety and Solicitor General, Ministerial Order No. 192 under the *Emergency Program Act*. The order replaces the previous Ministerial Order No. 139. The new order provides new direction to municipalities for open meetings, electronic meetings and timing requirements for bylaw passage.

Ministerial Order No. 192 applies to the Finance and Governance Standing Committee scheduled for July 20, 2020. Specifically the order requires a municipality to ensure best efforts are met for the public to be "present" to be able to hear, or watch and hear the meeting. Although Saanich had issued the meeting agenda advising that the meeting is to be held without the public being physically present prior to the issuance of the Order, the Committee must now adopt a resolution which provides rationale for the continued need to meet without the public present.

For the Committee's information the following summarizes how Saanich has met the "best efforts" test in order to proceed with the Finance and Governance Standing Committee meeting:

- The agenda notice was posted on Saanich's website on July 15, 2020.
- At this time, the Order of the Provincial Health Officer on Mass Gathering Events is in effect which does not allow for gatherings of more than 50 people. Saanich Municipal Hall Council Chambers currently can accommodate a maximum capacity of 23 individuals. The room capacity can accommodate Committee members (4), staff (5-6) at this time. Allowing applicants and interested parties would exceed the capacity. An offsite larger venue would present logical issues including ensuring a conference call line was available for those who cannot attend in person. Also of note, when staff were reviewing options on conducting Council meetings in a larger venue with social distancing, guidance was sought from Ministry officials and at the time they indicated that we would not be able to hold any meetings which may have attendance of more than 50 participants due to the Provincial Health Order.
- Saanich has implemented the teleconferencing service for the July 20, 2020 Finance and Governance Standing Committee meeting. This system allows for members of the public to hear the proceedings of the meeting live.

The District of Saanich has taken all measures to ensure the principles of openness, transparency, accessibility and accountability for the Finance and Governance Standing Committee meeting as indicated in the memo.

This memo is provided for endorsement of the recommendation as the order now requires a resolution of the Committee to provide rationale for the continued need to meet without the public present as best efforts of the local government have been met.

ALTERNATIVES:

- a. That the Committee endorse the recommendation.
- b. That the Committee provide alternative direction to staff.

**MINUTES OF THE
FINANCE AND GOVERNANCE STANDING COMMITTEE
COMMITTEE ROOM #2
SAANICH MUNICIPAL HALL, 770 VERNON AVENUE
TUESDAY, MARCH 17, 2020 AT 2:00 PM**

Present: Chair: Councillor Susan Brice
Members: Mayor Haynes, Councillors Harper and Mersereau (2:15)
Staff Members: Paul Thorkelsson, Chief Administrative Officer; Paul Arslan, Senior
Manager; Jennifer Downie, Administrative Assistant.

Public: One member of the Public

MINUTES FOR ADOPTION

MOVED by Councillor Harper and seconded by Mayor Haynes: “That the minutes of the Finance and Governance Standing Committee meeting of January 20, 2020 be adopted as circulated.”

CARRIED

MOTION TO WAIVE MEETING NOTICE

Councillor Brice asked for a motion to waive the meeting notice requirement given the time has changed.

MOVED by Councillor Harper and seconded by Mayor Haynes: “That the Finance and Governance Standing Committee waive the meeting notice requirement as the time has changed.”

CARRIED

2020 STRATEGIC PRIORITIES GRANT APPLICATIONS AND 2020 COMMUNITY BUILDING GRANT APPLICATIONS

- Reports of the Director of Finance dated February 27, 2020 (attached).

The total amount of grant funding last year was \$202,081. The committee discussed not exceeding this limit for 2020. The total of 2020 Strategic Priorities Grant Applications and 2020 Community Building Grant Applications should not exceed \$202,081; the amount given out last year.

Friends of Victoria Basketball will be discussed as a separate item as this item was forwarded to the Committee via Council motion. In response to committee members, the Chief Administrative Officer advised that Friends of Victoria Basketball would need to be a separate item as they did not meet the grant application deadline and it was a Council motion that this Committee review the request.

Moved by Councillor Harper and seconded by Mayor Haynes: “That the Finance and Governance Standing Committee not exceed \$202,081 in the grants review process and that Friends of Victoria Basketball not be included as part of the grants review process.”

CARRIED

Consensus was to review all the grant applications with a formal motion being made at the end of the review.

Individual motions will not be made after review of each item. The Senior Manager of Finance will keep a running tally with the Committee doing a final review at the end, at which time a formal motion with a recommendation to Council will be made.

.....
 Chief Administrative Officer left the meeting at 2:45 PM

2019 AUDIT FINDINGS REPORT AND FINANCIAL STATEMENTS

Report of the Director of Finance dated May 22, 2020 recommending that Council receive the 2019 Audit Findings Report for information and that Council accept the 2019 Audited Financial Statements.

L. Lee, KPMG, presented the Audit Findings Report (PowerPoint on file) and answered questions from Council:

- In terms of asset retirement obligations, in the year of adoption, there will be a quantification of the total estimated costs of remediation that would be added to the capital asset costs and recognized as a liability.
- Each subsequent year, there will be an interest cost up to the actual out of pocket cost at the time of retirement and an amortization cost.
- There are various types of revenue and standards that provide guidance for revenue recognition; the majority of revenue for the municipality is from property taxation or government transfers.
- The new standard recognizes ancillary revenue such as goods and services, recreation revenue, and items that may be exchanged for cash.
- Three Invitations to Comment were issued by the Public Sector Accounting Board on defined benefit pension costs and those comments will be available for public review.

In response to questions from Council, the Senior Manager, Financial Services stated:

- Amortization is based on best estimates; depending on what gets added to the asset during the year, those numbers may not be accurate.
- The numbers do not impact cash flow or net income.

**MOVED by Councillor Harper and Seconded by Councillor Chambers:
“That Council receive the 2019 Audit Findings Report for information.”**

Council discussion ensued with the following comments:

- The tables in the report are helpful.
- Saanich’s financial position continues to strengthen.
- The District has operated thoughtfully.

COUNCIL CODE OF CONDUCT POLICY UPDATE

Memo of the Director of Corporate Services dated May 20, 2020 recommending Section 6.1 of the Council Code of Conduct Policy be changed to the following: “Given that the Mayor is the Official Spokesperson of Council, it is not the role of individual Council officials to report directly on District related business. Council officials will use caution in reporting decision-making by way of their social media profiles and websites ensuring that any material they publish is accurate, precise and communicates the intent of Council.” Memo of the January 20, 2020 Mayor’s Standing Committee on Finance and Governance meeting where the following was resolved: “That the Mayor’s Standing Committee of Finance and Governance recommends that the Code of Conduct policy with proposed changes be reviewed by the Chair and then forwarded to Council for approval.”

Councillor Brice, as Chair of the Mayor’s Standing Committee on Finance and Governance stated:

- In 2016, Council adopted the Code of Conduct policy, a process that all levels of government were moving towards.
- The Mayor’s Standing Committee on Finance and Governance has reviewed the policy and recommended changes.
- Some preferred wording has been recommended for Section 6.1; the wording better captures the discussion that took place at the committee level.
- The proposed wording does not prevent Council from engaging on social media but embodies the principles that all Council should maintain in being accurate, precise and communicating Council’s intent.

Report

To: Finance and Governance Committee
From: Valla Tinney, Director of Finance
Date: July 6, 2020
Subject: 2019 AUDIT FINDINGS REPORT AND FINANCIAL STATEMENTS

RECOMMENDATION

That the Committee receive the report for information.

PURPOSE

To bring forward the 2019 Audit Findings Report and 2019 Financial Statements pursuant to Council motion.

BACKGROUND

At the June 1, 2020 Council Meeting, KPMG presented its 2019 Audit Findings Report to Council and the 2019 Financial Statements were brought for Council approval. The following motion was passed by Council:

"That the 2019 Audit Findings Report and 2019 Audited Financial Statements be referred to the Mayor's Standing Committee on Finance and Governance for review prior to preparation of the 2021 budget."

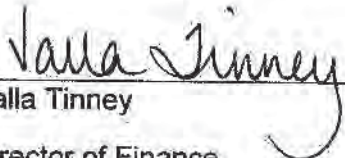

DISCUSSION

The District of Saanich financial statements are prepared in accordance with public sector accounting standards (PSAB) and are very challenging for even finance professionals to understand. Therefore, in 2019, Finance staff developed the "Financial Results at a Glance" document to provide a high level, and hopefully more understandable approach to the Financial Statements. This document is provided as an additional attachment to this report.

Documents provided for discussion:

1. 2019 Audited Financial Statements
2. 2019 Audit Findings Report
3. 2019 Financial Results at a Glance

Mayor and Council
District of Saanich

Your Worship and Members of Council,

I am pleased to present the financial statements for the fiscal year ending December 31, 2019 pursuant to Section 98 of the Community Charter Act.

These statements have been prepared in accordance with generally accepted accounting principles and the recommendations of the Public Sector Accounting Board (PSAB) of the Chartered Professional Accountants of Canada and the Provincial Ministry of Municipal Affairs & Housing.

The Corporation maintains a system of internal accounting controls designed to safeguard the assets of the Corporation and provide reliable financial information. We verify and test these systems on a regular basis through the use and review of the internal controls.

The audit firm of KPMG was appointed by Council and is responsible for expressing an opinion as to whether the financial statements, prepared by the Corporation's management, fairly present the financial position of the District of Saanich and the results of its 2019 operations.

In 2019, the Corporation's financial position continued to strengthen. Investment in tangible capital assets such as lands, parks infrastructure, roads and sidewalks increased by \$6.0 million and total reserves and appropriated surplus increased by \$12.7 million. The operating fund decreased by \$2.5 million due to transfers to future expenditures for anticipated retroactive pay for collective agreement settlement and a transfer from 2018 surplus of approximately \$1.2 million to reserve for council initiatives. The capital fund surplus increased by \$11.9 million due to debt proceeds. Overall these results strengthened the Corporation's overall financial position by \$26.8 million.

Revenue increases to note for 2019 include taxation of \$4.7 million and sewer user charges of \$2.4 million. Grants and contributions increased by \$3.5 million which includes a one-time, additional Federal Gas Tax payment. Total expenses increased by \$8.2 million or 4.3% over 2018. The most significant proportion of this increase arose from implementation of the BC Employer Health Tax (\$1.8 million).

The Corporation's prudent approach to financial management is reflected in the increasing financial assets level, moderate use of long term debt, and level of reserves.

Respectfully submitted,

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The accompanying financial statements of The Corporation of the District of Saanich (the "Corporation") are the responsibility of the Corporation's management and have been prepared in compliance with legislation, and in accordance with generally accepted accounting standards for local governments established by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. A summary of the significant accounting policies are described in Note 1 to the financial statements. The preparation of financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

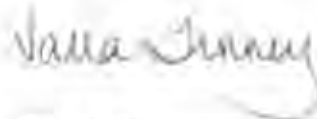

The Corporation's management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the financial statements. These systems are monitored and evaluated by management.

The Municipal Council meets with management and the external auditors to review the financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the financial statements.

The financial statements have been audited by KPMG LLP, independent external auditors appointed by the Corporation. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the Corporation's financial statements.

INDEPENDENT AUDITORS' REPORT

To the Mayor and Councillors of the Corporation of the District of Saanich

Opinion

We have audited the financial statements of the Corporation of the District of Saanich (the Entity), which comprise:

- the statement of financial position as at December 31, 2019
- the statement of operations and accumulated surplus for the year then ended
- the statement of change in net financial assets for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies

(hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Entity as at December 31, 2019 and its results of operations, its changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "***Auditors' Responsibilities for the Audit of the Financial Statements***" section of our auditors' report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

THE CORPORATION OF THE DISTRICT OF SAANICH

NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2019

The Corporation of the District of Saanich (the "Corporation") is incorporated and operates under the provisions of the British Columbia Local Government Act and the Community Charter of British Columbia. The Corporation's principle activities include the provision of local government services to residents of the incorporated area. These include protective, parks, recreation, transportation, drainage, water and sewer.

1. Significant accounting policies:

The financial statements of the Corporation are prepared by management in accordance with Canadian generally accepted accounting principles for local governments, as prescribed by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants of Canada. Significant accounting policies adopted by the Corporation are as follows:

a) Reporting entity:

The financial statements include the combination of all the assets, liabilities, accumulated surplus, revenues and expenses of all the activities and funds of the Corporation. The Corporation does not control any significant external entities and accordingly, no entities have been consolidated in the financial statements. Inter-departmental balances and significant organizational transactions have been eliminated. The Corporation does not administer any trust activities on behalf of external parties.

b) Basis of accounting:

The Corporation follows the accrual method of accounting for revenues and expenses. Revenues are recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and/or the creation of a legal obligation to pay.

c) Cash and cash equivalents:

Cash and cash equivalents are comprised of cash on hand, deposit notes, and short-term, highly liquid investments with a maturity date of less than 3 months subsequent to acquisition date that are readily converted to known amounts of cash and which are subject to an insignificant risk of change in value. Cash equivalents also include investments in Municipal Finance Authority of British Columbia Money Market Funds which are recorded at cost plus earnings reinvested in the fund.

d) Investments:

Investments are recorded at cost except for the investments in the Municipal Finance Authority of British Columbia Bond and Intermediate Funds which are recorded at cost plus earnings that are reinvested in the funds. Short-term investments are comprised of bankers' acceptances, guaranteed investment certificates and deposit notes with a maturity date of 3 months to one year subsequent to acquisition date, while investments with a maturity date greater than one year are classified as long-term.

THE CORPORATION OF THE DISTRICT OF SAANICH

NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2019

1. Significant accounting policies (continued):

d) Investments (continued):

Investment income is reported as revenue in the period earned. When required by the funding government or related Act, investment income earned on deferred revenue is added to the investment and forms part of the deferred revenue balance.

e) Deferred revenue:

Deferred revenue includes grants, contributions and other amounts received from third parties pursuant to legislation, regulation and agreement which may only be used in certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed, or the tangible capital assets are acquired.

f) Deposits and prepayments:

Receipts restricted by third parties are deferred as deposits and are refundable under certain circumstances. Deposits and prepayments are recognized as revenue when qualifying expenditures are incurred.

g) Debt:

Debt is recorded net of repayments and actuarial adjustments.

h) Employee future benefits:

The Corporation and its employees make contributions to the Municipal Pension Plan. These contributions are expensed as incurred. The costs of multi-employer defined contribution pension plan benefits, such as the Municipal Pension Plan, are the employer's contributions due to the plan in the period.

Sick leave and other retirement benefits are also available to the Corporation's employees. The costs of these benefits are actuarially determined based on service and best estimates of retirement ages and expected future salary and wage increases. The obligation under these benefit plans is accrued based on projected benefits as the employees render services necessary to earn the future benefits.

i) Government transfers:

Government transfers are recognized in the financial statements as revenues in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be made, except when and to the extent the transfer gives rise to an obligation that meets the definition of a liability.

Transfers received for which expenses are not yet incurred are included in deferred revenue.

NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2019

1. Significant accounting policies (continued):

j) Property tax revenue:

Property tax revenue is recognized on the accrual basis using the approved tax rates and the anticipated assessment related to the current year.

k) Loan guarantees:

Periodically the Corporation provides loan guarantees on specific debt issued by related authorities and other entities not consolidated in the Corporation's financial statements. Loan guarantees are accounted for as contingent liabilities and no amounts are accrued in the consolidated financial statements of the Corporation until the Corporation considers it likely that the borrower will default on the specified loan obligation. Should a default occur, the Corporation's liability would be recorded in the consolidated financial statements.

l) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

i) Tangible capital assets

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets, excluding land, are amortized on a straight line basis over their estimated useful lives as follows:

Asset	Useful Life - Years
Vehicles, machinery and equipment	4 - 25
Buildings and building improvements	20 - 75
Parks infrastructure	15 - 50
Drainage, water and sewer infrastructure	40 - 100
Roads infrastructure	15 - 100

Tangible capital assets are written down when conditions indicate that they no longer contribute to the Corporation's ability to provide goods and services or when the value of the future economic benefits associated with the asset is less than the book value of the asset. Amortization is charged upon the asset becoming available for productive use in the year of acquisition. Assets under construction are not amortized until the year after the asset is available for productive use.

THE CORPORATION OF THE DISTRICT OF SAANICH

NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2019

1. Significant accounting policies (continued):

i) Non-financial assets (continued):

ii) Contributions of tangible capital assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also are recorded as revenue.

iii) Works of art and cultural and historic assets

Works of art and cultural and historic assets are not recorded as assets in these financial statements.

iv) Interest capitalization

The Corporation does not capitalize interest costs associated with the acquisition or construction of a tangible capital asset.

v) Leased tangible capital assets

Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

vi) Inventories of supplies

Inventories of supplies held for consumption are recorded at the lower of cost and replacement cost.

m) Liability for contaminated sites:

Contaminated sites are defined as contamination of ground or water of a chemical, organic, or radioactive material that exceeds an environmental standard. A liability for remediation of a contaminated site is recognized when a Corporation-owned site not in productive use, or another site, meets all of the following criteria:

- (i) an environmental standard exists
- (ii) ground or water contamination exceeds the environmental standard
- (iii) the Corporation is directly responsible or accepts responsibility for a liability
- (iv) it is expected that future economic benefits will be given up, and
- (v) a reasonable estimate of the liability can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

THE CORPORATION OF THE DISTRICT OF SAANICH

NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2019

1. Significant accounting policies (continued):

n) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Significant estimates include assumptions used in estimating historical cost and useful lives of tangible capital assets, the determination of employee benefit obligations, provision for contingencies, and accrued liabilities. Actual results could differ from those estimates.

2. Cash, cash equivalents and investments:

	2019	2018
Cash and cash equivalents:		
Cash	\$ 90,476,166	\$ 56,322,104
Bankers' acceptances, deposit notes, Municipal Finance Authority money market fund	28,842,333	38,720,067

Total investments	106,893,713	104,345,259
Total cash, cash equivalents and investments	\$ 226,212,212	\$ 199,387,430

The Cash balance consists of bank accounts and a high interest savings account opened the late fall of 2018 with an effective interest rate of 2.32% as of December 31, 2019. Bankers' acceptances, guaranteed investment certificates, money market fund and bonds had effective yields ranging from 1.83% to 3.14% (2018 – 1.25% to 2.77%) maturing from 2020 to 2026.

The Municipal Finance Authority Funds earn interest based on current market conditions and do not have set maturity dates. Funds can be withdrawn within three days' notice. The Corporation's investments have market values that approximates costs.

NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2019

3. Debt:

	2019	2018
Debt principal:		
Short term	\$ 6,333,697	\$ 3,948,010
Long term	37,854,832	30,066,818
	\$ 44,188,529	\$ 34,014,828

- a) While the gross debenture debt issued as at December 31, 2019 was \$60,561,330 (2018 - \$49,391,330), the debt principal reported is net of repayments and actuarial gains or losses (per above).

The loan agreements with the Capital Regional District and the MFA provide that, if at any time the scheduled payments provided for in the agreements are not sufficient to meet the MFA's obligations in respect to such borrowings, the resulting deficiency becomes a liability of the Corporation.

Short term debt consists of MFA short term financing in the amount of \$5,670,400 and MFA 5-year equipment financing in the amount of \$663,297 both bearing interest at 2.55% (2018 - 2.80%).

- b) The City of Victoria and the Corporation established the Board of Cemetery Trustees of Greater Victoria in 1922 under the Municipal Cemeteries Act. The Board is a not-for-profit organization that operates the Royal Oak Burial Park. The terms of the agreement provides the Board a borrowing limit of \$3 million, with the City of Victoria and the Corporation providing equal guarantee. Under this agreement, in 2003 the Corporation borrowed \$1,500,000 of long term debt through the Municipal Finance Authority on behalf of the Board. The Corporation is reimbursed for all payments of principal and interest as they are paid. In 2019 the debt and the receivable balance recorded in the financial statements is \$756,476 (2018 - \$821,814). At December 31, 2019 the Board also had an outstanding demand loan of \$1,094,259 (2018 - \$1,196,655) with the Bank of Montreal. The Corporation's guarantee portion of both the long term debt and demand loan is \$925,368 (2018 - \$1,009,235).

- c) Principal payments on debt for the next five years and thereafter are as follows:

	General	Sewer	Total
2020	\$ 8,609,876	\$ 715,124	\$ 9,325,000
2021	2,847,346	565,124	3,412,470
2022	2,446,356	565,124	3,011,480
2023	2,380,990	535,160	2,896,150
2024	2,354,155	535,160	2,889,315
2025 and thereafter	17,044,662	5,609,452	22,654,114

Interest on debt ranges from 1.55% to 3.73% with maturity dates from April 6, 2020 to October 9, 2034. Interest expense on debt during the year was \$1,356,673 (2018 - \$1,241,359).

THE CORPORATION OF THE DISTRICT OF SAANICH

NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2019

4. Municipal Finance Authority debt reserve fund:

The Corporation issues its debt instruments through the Municipal Finance Authority ("MFA"). As a condition of the borrowing, the Corporation is obligated to lodge security by means of demand notes and interest bearing cash deposits based on the amount of the borrowing. The deposits are included in the Corporation's financial statements as MFA cash deposits. If the debt is repaid without default, the deposits are refunded to the Corporation. The notes, which are contingent in nature, are held by the MFA to act as security against the possibility of debt repayment default and are not recorded in the financial statements. Upon the maturity of a debt issue, the demand notes are released and deposits refunded to the Corporation. As at December 31, 2019, there were contingent demand notes of \$2,091,601 (2018 - \$1,755,622) which are not included in the financial statements of the Corporation.

5. Accrued employee benefit obligations and pension plan:

The Corporation provides sick leave and certain other benefits to its employees. These amounts and other employee related liabilities will require funding in future periods and are set out below:

	2019	2018	Increase (Decrease)
Vacation pay and banked overtime	\$ 3,330,900	\$ 2,994,700	\$ 336,200
Accumulated sick leave and retirement benefit payment	14,506,600	13,418,900	1,087,700
Accrued benefit obligation	17,837,500	16,413,600	1,423,900
Add unamortized net actuarial gain	1,407,239	1,631,839	(224,600)
Accrued employee benefit obligations, end of year	19,244,739	18,045,439	1,199,300
Less funded amount	(9,711,273)	(9,574,841)	(136,432)
Total unfunded employee benefit obligations	\$ 9,533,466	\$ 8,470,598	\$ 1,062,868

Accrued vacation pay, banked overtime, and accumulated sick leave represent the liability of banks accumulated for estimated drawdowns at future dates and/or for payout either on an approved retirement, or upon termination or death. Retirement benefit payments represent the Corporation's share of the cost to provide employees with various benefits upon retirement including lump sum retirement payments, and certain vacation entitlements in the year of retirement.

The unamortized net actuarial gain is amortized over the employees' average remaining service lifetime (13 years).

THE CORPORATION OF THE DISTRICT OF SAANICH

NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2019

5. Accrued employee benefit obligations and pension plan (continued):

Information about liabilities for the Corporation's employee obligations is as follows:

	2019	2018
Accrued benefit obligations:		
Balance, beginning of year	\$ 18,045,439	\$ 16,703,539
Current service cost	1,249,200	1,210,500
Interest cost	547,500	549,000
Benefits paid	(821,100)	(970,600)
Actuarial gain on event-driven liabilities	349,200	553,000
Actuarial loss (gain)	(125,500)	-
Balance, end of year	\$ 19,244,739	\$ 18,045,439

The accrued benefit obligations and the benefit costs were estimated by actuarial valuation by an independent actuarial firm. For event-driven liabilities, actuarial gains or losses are immediately recognized.

Key estimates used in the valuation:

	2019	2018
Discount rates	2.60%	3.20%
Expected future inflation rates	2.50%	2.50%
Expected wage and salary increases	2.5% to 5.9%	2.5% to 5.9%

The Corporation and its employees contribute to the Municipal Pension Plan (the Plan), a jointly trusteed pension plan. The board of trustees, representing plan members and employers, is responsible for administering the Plan, including investment of the assets and administration of benefits. The Plan is a multi-employer defined benefit pension plan. Basic pension benefits are based on a formula. As at December 31, 2019, the Plan has about 205,000 active members and approximately 101,000 retired members. Active members include approximately 40,000 contributors from local governments.

THE CORPORATION OF THE DISTRICT OF SAANICH

NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2019

5. Accrued employee benefit obligations and pension plan (continued):

The most recent valuation for the Municipal Pension Plan as at December 31, 2018, indicated a \$2,866 million funding surplus for basic pension benefits on a going concern basis.

The Corporation paid \$9,791,360 (2018 - \$10,214,606) for employer contributions while employees contributed \$7,881,685 (2018 - \$8,106,607) to the Plan in fiscal 2019.

The next valuation will be as at December 31, 2021, with results available in 2022.

Employers participating in the Plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the Plan records accrued liabilities and accrued assets for the Plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to the individual employers participating in the Plan.

GVLRA – CUPE Long-Term Disability Trust

The health and welfare trust was established January 1, 1987 as a result of negotiations between the Greater Victoria Labour Relations Association representing a number of employers, and the Canadian Union of Public Employees, representing a number of CUPE locals. The Trust's sole purpose is to provide a long-term disability income benefit plan. Employers and employees each contribute equal amounts into the Trust. The total plan provision for approved and unreported claims was actuarially determined as of December 31, 2018. At December 31, 2018, the total plan provision for approved and unreported claims was \$18,160,100 with a plan surplus of \$3,016,917. The actuary does not attribute portions of the unfunded liability to individual employers. The Corporation paid \$425,869 (2018 - \$483,395) for employer contributions and the Corporation's employees paid \$424,184 (2018 - \$489,722) for employee contributions to the plan in 2019.

11. Contingent liabilities:

- a) Capital Regional District debt, under the provisions of the Local Government Act, is a direct, joint and several liability of the Capital Regional District and each member municipality within the District, including The Corporation of the District of Saanich.
- b) The Corporation is a shareholder and member of the Capital Region Emergency Service Telecommunications (CREST) Incorporated, which provides centralized emergency communications and related public safety information services to municipalities, regional districts, the provincial and federal governments and their agencies, and emergency service organizations throughout the Greater Victoria region and the Gulf Islands. Members' obligations to share in funding ongoing operations and any additional costs relating to capital assets are to be contributed pursuant to a Members' Agreement.
- c) In the normal course of a year, claims for alleged damages are made against the Corporation and are recorded when a liability is likely and reasonably determinable. The Corporation maintains an insurance reserve in its accumulated surplus of \$2,315,300 (2018 - \$2,315,300) to provide for claims, and also maintains insurance coverage to provide for insured claims should they exceed \$2,000,000 in any year.
- d) The Corporation has provided a 50% loan guarantee in respect of a Bank of Montreal demand loan of the Board of Cemetery Trustees of Greater Victoria. The guarantee covers a demand loan balance of up to \$1,900,000 (the Corporation's share: \$950,000). The loan bears interest at the Bank's prime lending rate plus 0.5%, calculated monthly. The loan has fixed monthly payments of \$12,741 including both principal and interest. As of December 31, 2019 the balance of the demand loan was \$1,094,259 (2018 - \$1,196,655) with the Corporation's share of that balance being \$547,130 (2018 - \$598,328). In the Corporation's view, no provision for loss is required at this time.

12. Contracts and commitments:

At December 31, 2019, the following major contracts were in progress:

	Total amount of contract	Paid or accrued
Purchase of vehicles and equipment	\$ 2,864,962	\$ 354,794
Consulting and Parks and Public Works projects	9,917,721	5,491,109
Facilities projects	3,591,821	841,049

Commitments:

- a) The Corporation has contracted with Ravine Equities Inc. for the lease of property at Uptown to be used as library (Emily Carr Library). The term of the lease is for 10 years ending December 2023. The lease payment is currently \$223,392 per annum and increasing slightly each due to Saanich's share of the operating costs.
- b) The Corporation has contracted with Itziar Management Ltd. for the lease of a portion of the building at 57 Cadillac Avenue for Police Services. The term of the lease is for eight years ending April, 2024. The lease payment is currently \$304,412 per annum and increasing slightly each due to Saanich's share of the operating costs.
- c) The Corporation entered into a five-year agreement for police related dispatch services with E-Comm Emergency Communications for British Columbia Incorporated effective January 1, 2019. Under the terms of the agreement, E-Comm will provide 9-1-1 call answer and dispatch services including emergency call-taking, telephone reports, and radio dispatch for the Corporation. The annual charge will be based on the Corporation's share of actual costs for the calendar year as determined in the agreement. The estimated cost for 2020 is \$1,488,630.

14. Comparative figures:

Certain comparative information has been reclassified to conform with the financial statement presentation for the current year.

15. Subsequent events:

Subsequent to December 31, 2019, the COVID-19 outbreak was declared a pandemic by the World Health Organization. This situation presents uncertainty over the Corporation's future cash flows and may have a significant impact on the Corporation's future operations. Potential impacts on the Corporation could include future decreases in revenue, future increases in expenses, impairment of receivables, impairment of investments or reduction in investment income and delays in completing capital project work. As the situation is dynamic and the ultimate duration and magnitude of the impact of the economy are not know, an estimate of the financial effect on the Corporation is not practical at this time.

16. Segmented information:

The Corporation is a diversified municipal government organization providing a wide range of services to its citizens including General Government; Protective Services; Engineering and Public Works; Planning; Parks, Recreation and Culture, and Water and Sewer Services. For management reporting purposes, the Corporation's operations and activities are organized and reported by Fund. Funds were created for the purpose of recording specific activities to attain certain objectives in accordance with special regulations, restrictions or limitations.

Municipal services are provided by departments and their activities reported within these funds. Certain functions that have been separately disclosed in the segmented information, along with the services they provide, are as follows:

General Government

The General Government Operations provide the functions of Corporate Services and Administration; Finance; Building, Bylaw, Licensing & Legal Services; Human Resources; Tax Collection; Civic Centre Maintenance, and other functions categorized as non-departmental.

Protective Services

Protective services comprise three different functions, Police, Fire, and Emergency Preparedness. The mission of the Police Department is to provide quality police service and keep Saanich safe. The Fire Department's mandate is to protect citizens and property, provide all proper measures to prevent, control, and extinguish fires and provide assistance to medical emergencies, land and marine rescue operations, requests from other fire services, and hazardous materials incidents and requests for public service. The Emergency Program's mandate is to provide continuity in government and the preservation of life and property through a coordinated response by elected officials, municipal departments, volunteer services, and such outside agencies as may be able to assist during a major emergency or disaster.

Engineering and Public Works

The Engineering and Public Works Department is responsible for all municipal infrastructures, which includes roads, drains and street and traffic lights.

Planning

The Planning Department is comprised of four Divisions: Community Planning, Current Planning, Environmental Services, and Sustainability and Climate Change. These Divisions manage all activities and applications relating to long range and current planning, subdivision review, environmental protection, and sustainability projects.

THE CORPORATION OF THE DISTRICT OF SAANICH

NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2019

16. Segmented Information (continued):

Parks, Recreation and Culture

The Parks and Recreation Department promotes active, healthy living through the effective provision of a wide range of programs, services and facilities. It also promotes the engagement of community members in a variety of arts, special events, cultural and social activities to encourage strong community connections. The Department is comprised of three Divisions that plan and manage a number of municipal services. Their mission is to work in partnership with the community to create a quality of life that fosters and supports healthy citizens and community environments.

Water and Sewer

The Water and Sewer Utilities operate and distribute water and network sewer mains, storm sewers and pump stations.

Statement of Segmented Information

The following statement provides additional financial information for the foregoing functions. Taxation and grants in lieu of taxes are apportioned to the functions based on their share of net departmental budgeted expenditures in the 2019 - 2023 Financial Plan. The accounting policies used in these segments are consistent with those followed in the preparation of the financial statements as disclosed in Note 1.

Executive summary

Purpose of this report¹

The purpose of this Audit Findings Report is to assist you, as Council members, in your review of the results of our audit of the financial statements of the Corporation of the District of Saanich (the "District") as at and for the year ended December 31, 2019.

Audit and business risks

Our audit is risk-focused. In planning our audit we have taken into account key areas of focus for financial reporting.

Audit materiality

Materiality has been determined based on revenue. We have determined materiality to be \$4,350,000.

Finalizing the Audit

As of the date of this report, we have completed the audit of the financial statements, with the exception of certain remaining procedures, which include:

- Completing our discussions with Council,
- Obtaining the signed management representation letter; and
- Obtaining evidence of Council's approval of the financial statements.

We will update Council on significant matters, if any, arising from the completion of the audit, including the completion of the above procedures. Our auditors' report will be dated upon the completion of any remaining procedures.

Uncorrected differences

We have identified two differences that remain uncorrected, see page 9 for details on the nature and impact of these misstatements.

Significant accounting policies and practices

PS 3430 *Restructuring Transactions* was effective for the District's 2019 fiscal year. There is no impact on the financial statements from the adoption of the new accounting standard.

Control and other observations

We did not identify any control deficiencies that we determined to be significant deficiencies in internal controls over financial reporting. We provide an update on other observations identified in previous years. See page 10 for further details.

Independence

We confirm that we are independent with respect to the District within the meaning of the relevant rules and related interpretations prescribed by the relevant professional bodies in Canada and any applicable legislation or regulation from January 1, 2019 up to the date of this report.

Current Developments

See pages 11 to 14 for the current developments update.

We have provided information with regards our audit response to COVID-19 and resources which may be of assistance to Council and management in responding to this pandemic. See page 6.

¹ This Audit Findings Report should not be used for any other purpose or by anyone other than Council. KPMG shall have no responsibility or liability for loss or damages or claims, if any, to or by any third party as this Audit Findings Report has not been prepared for, and is not intended for, and should not be used by, any third party or for any other purpose.

Materiality

Materiality determination	Comments	Amount
Materiality	Determined to plan and perform the audit and to evaluate the effects of identified misstatements on the audit and of any uncorrected misstatements on the financial statements. The corresponding amount for the prior year's audit was \$4,200,000.	\$4,350,000
Benchmark	Based on prior year total expenses. This benchmark is consistent with the prior year. The corresponding amount for the prior year's audit was \$183,352,708.	\$191,942,196
% of Benchmark	The corresponding percentage for the prior year's audit was 2.29%. Audit standards permit establishing materiality within a range between 0.5%-3.0% of the benchmark.	2.27%
Audit Misstatement Posting Threshold (AMPT)	Threshold used to accumulate misstatements identified during the audit. The corresponding amount for the previous year's audit was \$210,000.	\$217,500

Materiality is used to scope the audit, identify risks of material misstatements and evaluate the level at which we think misstatements will reasonably influence users of the financial statements. It considers both quantitative and qualitative factors.

To respond to aggregation risk, we design our procedures to detect misstatements at a lower level of materiality.

Professional standards require us to re-assess materiality at the completion of our audit based on period-end results or new information in order to confirm whether the amount determined for planning purposes remains appropriate.

We will report to Council:

Corrected audit misstatements

Uncorrected audit misstatements

Audit risks and results

We highlight our significant findings in respect of significant financial reporting risks.

1 Significant Risk	Risk of management override
---------------------------	------------------------------------

Why is it significant?

This is a presumed fraud risk. Although the level of risk of management override of controls will vary from entity to entity, professional standards presume the risk of management override of controls is nevertheless present in all entities and requires the performance of specific procedures to address this presumed risk.

Our response and significant findings

We performed the required procedures under professional standards:

- We reviewed the general ledger for unusual or unexpected journal entries impacting reserve accounts, including unusual journal entry pairings.
- We tested material journal entries made in the preparation of the year-end financial statements, entries potentially related to fraud or management override of controls, and inspected the relevant documentation for authorization and appropriateness.
- We performed a retrospective review of estimates, including the assumptions used by management.
- We evaluated the business rationale of significant unusual transactions.

We are satisfied that our audit work has appropriately addressed the risk of management override.

Audit risks and results (continued)

2 Significant Risk Completeness of tangible capital assets

Why is it significant?

Significant land acquisitions or disposals may be approved at Council meetings and executed by staff but not communicated to Finance nor recorded in the financial statements.

Our response and significant findings

During 2019, land additions were \$5.8 million, and there were no disposals. We reviewed Council meeting minutes and reconciled all approved land acquisitions or disposals to the capital asset continuity schedules to verify completeness of such transactions within the financial statements. No errors were identified from our testing. Other capital asset additions totaled \$45.0 million, primarily investments in road, water and sewer infrastructure. We selected a sample of additions during the year and compared the amounts recorded as additions to supporting third party evidence. No errors were identified from our testing.

3 Significant Risk Completeness of provision for contingencies

Why is it significant?

In the normal course of a year, claims for alleged damages are made against the District. The District maintains an insurance reserve of \$2,315,300 to provide for claims, and also maintains insurance coverage to provide for insured claims should they exceed \$2,000,000 in any year. For accounting purposes, a liability and expense is recognized when the outcome of a claim is likely to result in a loss to the District and is measurable. Judgment and assumptions are necessary to evaluate the amount of liability required. Due to the breadth of services offered and exposure of the District to legal claims in the regular course of operations, there is a risk that provisions recognized in the financial statements are understated.

Our response and significant findings

We performed inquiries with management and reviewed meeting minutes and other documentation for existence of liability exposure. We confirmed with external legal counsel the completeness and status of known and potential claims that could result in loss to the District. We assessed the conclusion against provisions established by management. We concur with management's accruals and disclosure in the financial statements.

Audit risks and results (continued)

4 Area of focus Salaries and benefits

Why is it significant?

Salaries and benefits are the most significant cost of the District and there are a number of collective agreements and related employment benefits noted within these contracts. The effective date of the collective agreements vary and can be expired for more than one fiscal year prior to reaching an agreement on a new agreement. When a collective agreement has expired and employees are working under the terms of the previous agreement, management estimates the cost of service provided in the year that may be adjusted in future years (retro pay), once a new collective agreement is ratified. As at December 31, 2019, the police agreement expired at the end of 2018 and had not been ratified in 2019. CUPE and the Fire Fighters' collective agreement covered the period up to December 31, 2019.

Our response and significant findings

We assessed management's estimates of payroll expense and accruals. We evaluated the reasonability against historic and expected adjustments while also evaluating the accuracy of the amount with no issues noted.

5 Audit response to COVID-19 Pandemic

Subsequent to December 31, 2019, the COVID-19 outbreak was declared a pandemic by the World Health Organization and has had a significant financial market and social dislocating impact. As such enhanced subsequent events procedures are warranted.

There are two types of subsequent events, with the accounting treatment dependent on the categorization as follows:

1. Events that provide future evidence of conditions that existed at the financial statement date. For these conditions, the financial statements should be adjusted for measurable impact to the assets, liabilities, revenues and expenditures.
2. Events that are indicative of conditions that rose subsequent to the financial statement date. For these conditions, disclosures, at a minimum, should include a description of the event and an estimate of the financial impact, when practicable or a statement that an estimate cannot be made.

Our response and significant findings

KPMG discussed the impact of the pandemic with management. At this time management considers it not practicable to calculate the impact on the District of future cash flows, any significant changes to assets or liabilities and the magnitude of impact on future operations. Management has included a subsequent events note in the financial statements; KPMG concurs this is not an adjusting event and disclosure provided is appropriate.

Critical accounting estimates

Critical accounting estimates are those significant accounts or significant disclosures that contain estimates which have a high degree of estimation uncertainty.

We have summarized our assessment of the subjective areas:

Asset / liability	Balance	KPMG comments
Useful lives of tangible capital assets	\$882 million (useful lives of the District's assets range from 4 to 100 years)	<ul style="list-style-type: none"> We verified the mathematical accuracy of and agreed the tangible capital asset continuity schedules to supporting detail; we performed substantive analytical procedures on amortization expense. We assessed the reasonability and consistency of management's estimate of useful lives for the various categories of assets. We noted no significant changes in estimates from the prior period, nor were there indications of management bias.
Employee benefit obligations	\$19 million	<ul style="list-style-type: none"> We performed substantive analytical procedures over the provision for payroll and vacation accruals prepared by management. In 2018, the District started to use an external actuary to value its employee benefit obligations. We received a reliance letter from the actuary that it was engaged by the District to perform the calculation of the estimate of the employee future benefit obligation and that it had the expertise to perform this valuation. We inspected the report prepared by the actuary and assessed the reasonableness of the discount rates and assumptions used to determine the estimate. We verified the accuracy of the employee benefit obligation as at December 31, 2019 compared to the actuary's report and assessed the liability as reasonable.
Provisions for contingent liabilities, including contaminated sites		<ul style="list-style-type: none"> We performed inquiries with management and reviewed meeting minutes and other documentation. We confirmed with external legal counsel the existence and status of known and potential claims that could result in loss to the District. We inspected management's evaluation of contaminated sites and concur there are none that require recognition of a liability at December 31, 2019. There were no errors or adjustments recommended to the estimates related to contingencies.

Significant accounting policies and practices

Significant Accounting Policies

- There were no changes to the critical accounting policies and practices.
- There were no changes in significant accounting policies.
- There were no significant accounting policies in controversial or emerging areas.
- There were no issues noted with the timing of the District's transactions in relation to the period in which they are recorded.
- There were no issues noted with the extent to which the financial statements are affected by a significant unusual transaction and extent of disclosure of such transactions.
- There were no issues noted with the extent to which the financial statements are affected by non-recurring amounts recognized during the period and extent of disclosure of such transitions.

Significant Accounting Estimates

- There were no issues noted with management's identification of accounting estimates.
- There were no issues noted with management's process for making accounting estimates.
- There were no indicators of possible management bias.
- There were no significant factors affecting the District's asset and liability carrying values.

Form, arrangement, and content of the financial statements

- There were no issues noted with the judgments made, in formulating particularly sensitive financial statement disclosures.
- There were no issues noted with the overall neutrality, consistency, and clarity of the disclosures in the financial statements.
- There were no significant potential effects on the financial statements of significant risks, exposures and uncertainties.

Uncorrected differences and Corrected Adjustments

Adjustments and differences identified during the audit have been categorized as "Corrected adjustments" or "Uncorrected differences". Differences and adjustments include disclosure differences and adjustments. Professional standards require that we request of management and the Board that all identified differences be corrected. We have already made this request of management.

Uncorrected differences

The management representation letter includes the Summary of Uncorrected Audit Misstatements, which disclose the impact of all uncorrected differences considered to be other than clearly trivial. We identified two misstatements which remain uncorrected, both of which are transactions that do not involve cash, and are recurring annual errors. We concur with management's representation that the differences are not material to the financial statements. Accordingly, the differences have no effect on our auditors' report.

- Overstatement of investment income of \$453,572 and accumulated surplus of \$521,135 and an understatement of long-term investments of \$67,563 related to cost vs. market value of MFA quoted investments.
- Overstatement of revenue from own sources and goods and services expenses of \$51,869.

Corrected adjustments

The management representation letter includes all adjustments identified as a result of the audit, communicated to management and subsequently corrected in the financial statements. We identified one adjustment that was corrected to accrue an estimated liability provision of \$2.7 million.

We identified and recommended minor changes to the presentation and formatting of the financial statements which were accepted and corrected by Management.

Control deficiencies and other observations

In accordance with professional standards, we are required to communicate to Council significant deficiencies in internal control over financial reporting (ICFR) that we identified during our audit.

The purpose of our audit is to express an opinion on the financial statements. Our audit included consideration of ICFR in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ICFR. The matters being reported are limited to those deficiencies that we have identified during our audit and that we have concluded are of sufficient importance to merit being reported to the audit committee.

We provide an update on other observations identified in previous years.

Other observations

Item	Observation
Capital asset tracking	<p>During our testing of tangible capital assets, we noted the District's tangible capital asset tracking process is manual in nature, tracked only through spreadsheets and updated once per year during the year-end closing process.</p> <p>With a manual tracking process, there is greater risk of human error in the value of tangible capital assets and transactions. We recommend management considers automating the manual system of compiling capital asset additions, disposals and developer contributed assets. The use of an automated system to perform this function would greatly reduce the risk of completeness and the possibility of manual overrides, input errors and mathematical errors.</p>
Review of periodic financial information	<p>Formal regular review of the financial position and operating results of the District assists Council to stay informed of key activities and their impact on the District's financial reporting. We noted in 2018 that only annual financial results were presented to Council. Better practice is to have quarterly financial information presented, and reviewed, by a committee of Council or Council.</p> <p>Finance had this item noted in its workplan, and during 2019, trimester reporting was implemented and reviewed with the Council Governance Committee and Council.</p>

Public Sector Accounting Standards

Standard	Summary and implications
Asset Retirement Obligations	<ul style="list-style-type: none"> - A new standard has been approved that is effective for fiscal years beginning on or after April 1, 2021. - The new standard addresses the recognition, measurement, presentation and disclosure of legal obligations associated with retirement of tangible capital assets in productive use. Retirement costs will be recognized as an integral cost of owning and operating tangible capital assets. PSAB currently contains no specific guidance in this area. - The ARO standard will require the public sector entity to record a liability related to future costs of any legal obligations to be incurred upon retirement of any controlled tangible capital assets ("TCA"). The amount of the initial liability will be added to the historical cost of the asset and amortized over its useful life. - As a result of the new standard, the public sector entity will have to: <ul style="list-style-type: none"> • consider how the additional liability will impact net debt, as a new liability will be recognized with no corresponding increase in a financial asset; • carefully review legal agreements, senior government directives and legislation in relation to all controlled TCA to determine if any legal obligations exist with respect to asset retirements; • begin considering the potential effects on the organization as soon as possible to coordinate with resources outside the finance department to identify AROs and obtain information to estimate the value of potential AROs to avoid unexpected issues.
Revenue	<ul style="list-style-type: none"> - A new standard has been approved that is effective for fiscal years beginning on or after April 1, 2022. - The new standard establishes a single framework to categorize revenues to enhance the consistency of revenue recognition and its measurement. - The standard notes that in the case of revenues arising from an exchange, a public sector entity must ensure the recognition of revenue aligns with the satisfaction of related performance obligations. - The standard notes that unilateral revenues arise when no performance obligations are present, and recognition occurs when there is authority to record the revenue and an event has happened that gives the public sector entity the right to the revenue.

Standard	Summary and implications
Employee Future Benefit Obligations	<ul style="list-style-type: none"> <li data-bbox="369 399 1944 505">– PSAB has initiated a review of sections PS3250 <i>Retirement Benefits</i> and PS3255 <i>Post-Employment Benefits, Compensated Absences and Termination Benefits</i>. Given the complexity of issues involved and potential implications of any changes that may arise from this review, the project will be undertaken in phases. Phase I will address specific issues related to measurement of employment benefits. Phase II will address accounting for plans with risk sharing features, multi-employer defined benefit plans and sick leave benefits. <li data-bbox="369 513 1944 651">– Three Invitations to Comment were issued and have closed. The first Invitation to Comment sought guidance on whether the deferral provisions in existing public sector standards remain appropriate and justified and the appropriateness of accounting for various components of changes in the value of the accrued benefit obligation and plan assets. The second Invitation to Comment sought guidance on the present value measurement of accrued benefit obligations. A third Invitation to Comment sought guidance on non-traditional pension plans. PSAB is currently deliberating on the comments received from the three Invitations to Comment. <li data-bbox="369 659 1535 683">– The ultimate objective of this project is to issue a new employment benefits section to replace existing guidance.
Public Private Partnerships ("P3")	<ul style="list-style-type: none"> <li data-bbox="369 708 1829 764">– PSAB has proposed new requirements for the recognition, measurement and classification of infrastructure procured through a public private partnership. An exposure draft has been approved by PSAB and will be issued in November 2019, with comments due by February 29, 2020. <li data-bbox="369 773 1892 854">– The exposure draft proposes that recognition of infrastructure by the public sector entity would occur when it controls the purpose and use of the infrastructure, when it controls access and the price, if any, charged for use, and it controls any significant interest accumulated in the infrastructure when the P3 ends. <li data-bbox="369 862 1934 919">– The exposure draft proposes that the public sector entity recognize a liability when it needs to pay cash or non-cash consideration to the private sector partner for the infrastructure. <li data-bbox="369 927 1934 984">– The infrastructure would be valued at cost, with a liability of the same amount if one exists. Cost would be measured by discounting the expected cash flows by a discount rate that reflects the time value of money and risks specific to the project.
Purchased Intangibles	<ul style="list-style-type: none"> <li data-bbox="369 1005 1934 1110">– In October 2019, PSAB approved a proposal to allow public sector entities to recognize intangibles purchased through an exchange transaction. The proposal does not include guidance on how to account for intangibles. Instead, the definition of an asset, the general recognition criteria and the GAAP hierarchy is expected to provide guidance on how to account for intangibles. The accounting for intangibles may be addressed through future PSAB projects.

Standard	Summary and implications
<p>Concepts Underlying Financial Performance</p>	<ul style="list-style-type: none"> – PSAB is in the process of reviewing the conceptual framework that provides the core concepts and objectives underlying Canadian public sector accounting standards. – A Statement of Concepts ("SOC") and Statement of Principles ("SOP") were issued for comment in May 2018 and has closed. PSAB is in the process of developing two exposure drafts for comment. – The SOC proposes a revised, ten chapter conceptual framework intended to replace PS 1000 <i>Financial Statement Concepts</i> and PS 1100 <i>Financial Statement Objectives</i>. The revised conceptual framework would be defined and elaborate on the characteristics of public sector entities and their financial reporting objectives. Additional information would be provided about financial statement objectives, qualitative characteristics and elements. General recognition and measurement criteria, and presentation concepts would be introduced. – The SOP includes principles intended to replace PS 1201 <i>Financial Statement Presentation</i>. The SOP proposes: <ul style="list-style-type: none"> • Removal of the net debt indicator, except for on the statement of net debt where it would be calculated exclusive of financial assets and liabilities that are externally restricted and/or not available to settle the liabilities or financial assets. • Changes to common terminology used in the financial statements, including re-naming accumulated surplus (deficit) to net assets (liabilities). • Restructuring the statement of financial position to present non-financial assets before liabilities. • Removal of the statement of remeasurement gains (losses) with the information instead included on a new statement called the statement of changes in net assets (liabilities). This new statement would present the changes in each component of net assets (liabilities). • A new provision whereby an entity can use an amended budget in certain circumstances. • Inclusion of disclosures related to risks and uncertainties that could affect the entity's financial position.
<p>International Strategy</p>	<ul style="list-style-type: none"> – PSAB is in the process of reviewing its current approach towards International Public Sector Accounting Standards. This project may result in changes to the role PSAB plays in setting standards in Canada. – Consultation papers were released for comment in May 2018 and March 2019, and have closed. The consultation papers described the decision-making criteria PSAB expects to consider in evaluating the international strategy that best serves the public sector. It also introduced four proposed international strategies. – In accordance with its due process, PSAB voted to approve "Option 2 – Adapt IPSAS principles when developing future standards," as described in Consultation Paper 2. The Board also directed that the decision will apply to all projects beginning on or after April 1, 2021.

As part of the audit, there are certain key ratios and trends that we review. We share these ratios with Council and Management and welcome any questions related to our interpretation of trends.

Residential Tax Burden per Capita

The District's tax burden per capita has historically been lower than the tax burden per capita of other CRD municipalities for both residential and total tax burden. The differences to the average of the relative group may be the result of a number of factors such as lean overhead, efficient operations and variety in how services are charged between peers, i.e. through user charge or tax levy. Tax burden by capita is calculated as the proportionate share of taxation revenue attributable to residential properties divided by BC Statistics population information.

The average total tax burden for local governments in the CRD has increased from approximately \$946 in 2015 to approximately \$1,023 in 2018, at an average rate of 2.67% per year. The District's tax burden has increased from approximately \$841 in 2015 to approximately \$988 in 2019, at an average rate of 4.10% per year in order to build its capital reserves to target levels. Tax burden by capita is one of many potential measures of relative tax burden across diverse communities.

Appendix 1: Selected financial information (continued)

Total revenues have increased at an average rate of 5.14% in the past five years. Taxation revenues have also increased consistently at an average of 4.63% since 2015 due to steady increases in property taxes as a function of the increase in property tax rates and assessed value. Government transfers have remained consistent with no significant variances since 2015.

Other revenue includes sales of services, water and sewer charges, grants, developer contributions and development cost charges. The total of these amounts has steadily increased since 2015. Grants and contributions experienced a significant increase in 2017 due to \$5.1M of development cost charges transferred from deferred revenue to the newly established Specific Area Capital Reserve Fund, and have normalized since that year as expected.

Appendix 1: Selected financial information (continued)

Expense by Function

From 2015, total expenses by function (department) have remained proportionately consistent, and has increased at an average rate of 4.91% in the last 5 years. "Other" expenses include engineering and public works, refuse collection, community planning and recreation, parks and culture expenses.

Expense by Object

Total expenses by object (type) have remained proportionately consistent from 2015. The majority of the District's expenses in 2019 relate to salaries and wages, which represents 53.18% of total expenses and have increased at an average rate of 3.03% per year. This is consistent with negotiated increases within collective agreements throughout the period and related increases in benefit costs.

Appendix 1: Selected financial information (continued)

This illustration compares annual acquisitions of tangible capital assets to amortization expense. In each of the years presented, the District has invested more into replenishing capital assets than it has written-off as amortization, representing the continuous investment in long-term capital infrastructure and the escalating cost of replacing existing tangible capital assets at the end of their useful life.

The capital acquisitions for 2019 included \$25.2M in the general fund, \$3.8M in the water fund, and \$5.6M in the sewer fund.

Appendix 2: Required Communications

In accordance with professional standards, there are a number of communications that are required during the course of and upon completion of our audit. These include:

Auditor's report	Management representation letter
The conclusion of our audit is set out in our draft auditors' report attached to the draft financial statements.	In accordance with professional standards, a copy of the management representation letter is provided in Appendix 3.

Appendix 3: Audit Quality and Risk Management

KPMG maintains a system of quality control designed to reflect our drive and determination to deliver independent, unbiased advice and opinions, and also meet the requirements of Canadian professional standards.

Quality control is fundamental to our business and is the responsibility of every partner and employee. The following diagram summarizes the key elements of our quality control system.

Audit Quality Framework

What do we mean by audit quality?

Audit Quality (AQ) is at the core of everything we do at KPMG.

We believe that it is not just about reaching the right opinion, but how we reach that opinion.

We define 'audit quality' as being the outcome when audits are:

- Executed consistently, in line with the requirements and intent of applicable professional standards within a strong system of quality controls and
- All of our related activities are undertaken in an environment of the utmost level of **objectivity, independence, ethics, and integrity.**

Our AQ Framework summarises how we deliver AQ. Visit our [Audit Quality Resources page](#) for more information including access to our [Audit Quality and Transparency report](#).

Appendix 4: Management Representation Letter

Ladies and Gentlemen,

We are writing at your request to confirm our understanding that your audit was for the purpose of expressing an opinion on the financial statements (hereinafter referred to as "financial statements") of the Corporation of the District of Saanich ("the Entity") as at and for the period ended December 31, 2019.

General:

We confirm that the representations we make in this letter are in accordance with the definitions as set out in Attachment I to this letter. We also confirm that, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves.

Responsibilities:

- 1) We have fulfilled our responsibilities, as set out in the terms of the engagement letter including for:
 - a) the preparation and fair presentation of the financial statements and believe that these financial statements have been prepared and present fairly in accordance with the relevant financial reporting framework.
 - b) providing you with all information of which we are aware that is relevant to the preparation of the financial statements, such as all financial records and documentation and other matters, including:
 - (i) the names of all related parties and information regarding all relationships and transactions with related parties, and
 - (ii) the complete minutes of meetings, or summaries of actions of recent meetings for which minutes have not yet been prepared, of Council, and committees of Council that may affect the financial statements. All significant actions are included in such summaries.
 - c) providing you with unrestricted access to such relevant information.
 - d) providing you with complete responses to all enquiries made by you during the engagement.
 - e) providing you with additional information that you may request from us for the purpose of the engagement.
 - f) providing you with unrestricted access to persons within the Entity from whom you determined it necessary to obtain audit evidence.
 - g) such internal control as we determined is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. We also acknowledge and understand that we are responsible for the design, implementation and maintenance of internal control to prevent and detect fraud.
 - h) ensuring that all transactions have been recorded in the accounting records and are reflected in the financial statements.

Internal control over financial reporting:

- 2) We have communicated to you all deficiencies in the design and implementation or maintenance of internal control over financial reporting of which we are aware.

Appendix 4: Management Representation Letter (continued)

Fraud & non-compliance with laws and regulations

- 3) We have disclosed to you:
- a) the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
 - b) all information in relation to fraud or suspected fraud that we are aware of that involves:
 - management;
 - employees who have significant roles in internal control over financial reporting; or
 - otherswhere such fraud or suspected fraud could have a material effect on the financial statements.
 - c) all information in relation to allegations of fraud, or suspected fraud, affecting the financial statements, communicated by employees, former employees, analysts, regulators, or others.
 - d) all known instances of non-compliance or suspected non-compliance with laws and regulations, including all aspects of contractual agreements, whose effects should be considered when preparing financial statements.
 - e) all known actual or possible litigation and claims whose effects should be considered when preparing the financial statements.

Subsequent events:

- 4) All events subsequent to the date of the financial statements and for which the relevant financial reporting framework requires adjustment or disclosure in the financial statements have been adjusted or disclosed.

Related parties:

- 5) We have disclosed to you the identity of the Entity's related parties.
- 6) We have disclosed to you all the related party relationships and transactions/balances of which we are aware.
- 7) All related party relationships and transactions/balances have been appropriately accounted for and disclosed in accordance with the relevant financial reporting framework.

Estimates:

- 8) Measurement methods and significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.

Going concern:

- 9) We have provided you with all information relevant to the use of the going concern assumption in the financial statements.
- 10) We confirm that we are not aware of material uncertainties related to events or conditions that may cast significant doubt upon the Entity's ability to continue as a going concern.

Misstatements:

- 11) We approve the corrected misstatements identified by you during the review described in Attachment II.

Appendix 4: Management Representation Letter (continued)

- 12) The effects of the uncorrected misstatements described in Attachment II are immaterial, both individually and in the aggregate, to the financial statements as a whole.

Non-SEC registrants or non-reporting issuers:

- 13) We confirm that the Entity is not a Canadian reporting issuer (as defined under any applicable Canadian securities act) and is not a United States Securities and Exchange Commission ("SEC") Issuer (as defined by the Sarbanes-Oxley Act of 2002). We also confirm that the financial statements of the Entity will not be included in the consolidated financial statements of a Canadian reporting issuer audited by KPMG or an SEC Issuer audited by any member of the KPMG organization.

Employee future benefits:

- 14) The employee future benefits costs, assets and obligation, if any, have been determined, accounted for and disclosed in accordance with the financial reporting framework.
- 15) All arrangements (contractual or otherwise) by which programs have been established to provide employee benefits have been disclosed to you and included in the determination of pension costs and obligations.
- 16) The discount rate used to determine the accrued benefit obligation for each plan was determined by reference to market interest rates at the measurement date on high-quality debt instruments with cash flows that match the timing and amount of expected benefit payments, or inherent in the amount at which the accrued benefit obligation could be settled.
- 17) The assumptions included in the actuarial valuation are those that management instructed George and Bell to use in computing amounts to be used by us in determining pension costs and obligations and in making required disclosures in the above-named financial statements, in accordance with the relevant financial reporting framework.
- 18) In arriving at these assumptions, management has obtained the advice of George and Bell, but has retained the final responsibility for them.
- 19) The source data and plan provisions provided to the actuary for preparation of the actuarial valuation are accurate and complete.
- 20) All changes to plan provisions or events occurring subsequent to the date of the actuarial valuation and up to the date of this letter have been considered in the determination of pension costs and obligations and as such have been communicated to you as well as to the actuary.
- 21) The extrapolations are accurate and properly reflect the effects of changes and events that occurred subsequent to the most recent valuation and that had a material effect on the extrapolation.
- 22) All material events and changes to the plan subsequent to the most recent actuarial valuation have been properly reflected in the extrapolation.

Other:

- 23) All transfers of our statutory reserves have been approved by bylaw except for those transferred allowed by Council resolution.
- 24) Expenditures have been appropriately authorized and actual expenditures have not exceeded budgeted expenditures detailed in the amended budget bylaw.
- 25) We have disclosed to you all the inter-entity transactions, major categories of assets that are not recognized and contingent assets of which we are aware. Such transactions/balances have been appropriately accounted for and disclosed in accordance with the relevant financial reporting framework.

Other information:

We confirm that the final version of the Annual Report will be provided to you when available, and prior to issuance by the District, to enable you to complete your audit procedures in accordance with professional standards.

Yours very truly,

THE CORPORATION OF THE DISTRICT OF SAANICH

Attachment I – Definitions

Materiality

Certain representations in this letter are described as being limited to matters that are material. Misstatements, including omissions, are considered to be material if they, individually or in the aggregate, could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements. Judgments about materiality are made in light of surrounding circumstances, and are affected by the size or nature of a misstatement, or a combination of both.

Fraud & error

Fraudulent financial reporting involves intentional misstatements including omissions of amounts or disclosures in financial statements to deceive financial statement users. Misappropriation of assets involves the theft of an entity's assets. It is often accompanied by false or misleading records or documents in order to conceal the fact that the assets are missing or have been pledged without proper authorization.

An error is an unintentional misstatement in financial statements, including the omission of an amount or a disclosure.

District of Saanich 2019 Financial Results at a Glance

Summary

The purpose of this document is to provide a high level overview of our financial statements and make understanding them a bit easier. The financial results for 2019 were largely as planned. We built up our reserve funds so we can pay for the large facility projects coming up in the next few years. We also continued to pay down our existing debt which is already quite low. We invested in new capital assets by replacing end of life infrastructure and doing major repairs on our roadways and underground infrastructure (water, sewer, drainage). Our operations were consistent with plans established in the budget except we had more interest, permit and recreation revenue than we expected and some departments spent less than their budgets largely due to staff vacancies. Where departments went over budget it was due to emergency related work such as waterline repairs or snow related road maintenance.

Statement of Financial Position (000s)	2019	2018	Change
This chart describes the 2019 year end balances and changes to Saanich's assets and liabilities from last year.			
Total cash and investments			
Saanich's cash and investments increase as we set money aside in reserves to manage large expenditures that are coming up. Also remember that we collect property taxes in June and July, so we need funds to hold us over until then.	\$ 226,212	\$ 199,387	\$ 26,825
Receivables			
There was a small change in receivables from last year. Receivables are a combination of interest earned on investments that hasn't been received yet and utility bills that have been sent out to customers but haven't been paid at the end of the year. It can also include grants payments that we are waiting for senior governments to send us.	\$ 16,813	\$ 16,778	\$ 35
Accounts payable and accrued liabilities			
The increase in amounts owing at the end of the year compared to last year is due to future retroactive wages for Police Department personnel and an accrual for the risk to roll assessment due to appeals of 2018 and 2019 assessments.	\$ 15,495	\$ 11,908	\$ 3,586
Accrued employee benefits obligations			
These amounts represent an estimation of the benefits that the District is obligated to pay employees upon retirement. Accounting rules require that we base the calculation on current value of expected payout upon retirement for all employees. The increase is due to the continuation of benefits to disabled employees, an increase in the number of disabled employees, and a decrease in the discount rate which has the impact of increasing the liability calculation.	\$ 19,245	\$ 18,045	\$ 1,199
Debt			
The increase in debt is attributed to debt authorized for the Kings Road land purchase and engineering and parks projects. While this new debt was incurred, we also paid down \$2.8M of the debt principal.	\$ 44,189	\$ 34,015	\$ 10,174
Deferred Revenue			
Deferred revenues are monies received for a specific service that will be provided in the future. Common deferred revenues are recreation registration fees, passes and rentals as well as permit revenue received in 2019 for 2020. In addition, accounting rules require that Development Cost Charges (DCC) and Sub-regional Park Reserves (SPR) be reported as deferred revenue. The balance of DCCs increased by \$1M and SPR increased by \$65,000 over last year. Additional information is available in note 6 of the Financial Statements.	\$ 22,853	\$ 21,280	\$ 1,573

District of Saanich 2019 Financial Results at at Glance

Deposits and prepayments	2019	2018	Change
Deposits are funds paid to the District as a promise to get specific work done, such as promise to plant trees in a development; The deposit is returned to the depositor once that work is performed. Deposits decreased by \$260K over last year for subdivision related work and we also collected \$432K in 2020 property tax prepayments between August and December of 2019.	\$ 14,956	\$ 14,770	\$ 186

Tangible Capital Assets	2019	2018	Change
The total addition to capital infrastructure, buildings and equipment is around \$33M which was offset by \$17M in depreciation. The largest additions were for roads, water and sewer infrastructure and vehicles, machinery and equipment. Additional information is available in note 9 of the Financial Statements.	\$ 881,945	\$ 865,964	\$ 15,981

Accumulated Surplus	2019	2018	Change
The accumulated surplus reported in the financial statements is often thought to be money on hand. However, this is not the case. The majority of the balance is the value of assets that have been acquired or built. There is a portion that is money that is invested in reserve funds, but these funds are set aside for very specific uses and cannot be accessed to pay for operations. The breakdown is shown below.	\$ 1,012,723	\$ 985,934	\$ 26,789

Accumulated surplus detail	(\$000s)
Tangible Capital Assets	838,514
Reserve Funds	93,787

FINANCIAL IMPACTS OF THE COVID-19 PANDEMIC

Report of the Director of Finance dated May 22, 2020 recommending that Council receive the report for information.

The Director of Finance presented the Financial Impacts of COVID-19 (PowerPoint on file) and answered questions from Council:

- Updates will be provided to the Mayor's Standing Committee on Finance and Governance and to Council.
- Deferment revenues are a guaranteed source of cash flow.
- Assessment of physical spaces is currently being undertaken to see what is needed to allow employees to safely return to work; there is no financial estimate of these costs.
- Short term borrowing is allowed for capital purposes.

In response to questions from Council, the CAO stated:

- Saanich is being financially prudent in its hiring practices.

In response to questions from Council, the Director of Planning stated:

- Climate Action work is continuing.

MOVED by Councillor Mersereau and Seconded by Councillor Taylor: "That Council receive the report of the Director of Finance dated May 22, 2020 for information."

CARRIED

MOVED by Councillor Plant and Seconded by Councillor Mersereau: "That staff be directed to provide an update on Financial Impacts of the COVID-19 Pandemic to the Mayor's Standing Committee on Finance and Governance or to Council within the next four months."

Council discussion ensued with the following comments:

- It is appropriate to request an update within four months.
- If the Standing Committee is meeting they would receive an update; if not, the update would be brought to Council.

The Motion was then Put and CARRIED

Property Tax Collection

2020 property tax collection continues to trend very close to 2019. At July 9th, total collection is at 63%. With the deferred penalty date for residential properties of July 31st another wave of payments is anticipated for the end of the month.

Utility Bill Payments

While percentage of billings paid by month dropped slightly in May, the trend is for continued strengthening. No concerning drop in payments has been experienced.

Total receipt of payments has remained consistent with a slight drop through April and May, but strengthening in June and the first week of July taking into account the statutory holiday mid-week.

Portfolio ROI = 1.36%**

Return on Investment

Saanich's investment portfolio is currently earning a combined rate of approximately 1.36% while maintaining the investment security established in the Investment Policy. The return on investment has decreased from the December 31, 2019 return of 2.23% due to the effects of the COVID-19 virus and the resulting downturn in the markets. The markets have rebounded in June of 2020 and though not quite to the pre-COVID levels, there is still uncertainty about how the rest of the year will materialize. Interest revenue is anticipated to come in below budgeted levels at the end of the fiscal year.

Investment Analysis

The District of Saanich invests public funds in a prudent manner in accordance with the Council Investment Policy. The investment portfolio is currently valued at \$183.65 million. Most of these funds are either held for specific capital programs or are invested until needed to pay current operating expenses.

**Investment by Issuer Type
at April 30, 2020
(millions)**

Diversification

In order to reduce overall portfolio risk, Saanich diversifies its investment holdings across a range of security types and financial institutions.

**Investment by Issuer
at April 30, 2020
(millions)**

Liquidity

Saanich ensures that the investment portfolio remains sufficiently liquid in order to meet all reasonably anticipated operating and capital cash flow requirements. In 2020, financial concerns related to the COVID-19 pandemic will result in high levels of liquid assets to ensure the District can manage any cash flow challenges.

**Investment by Maturity Year

(millions)
Portfolio ROI = 1.36%**

Return on Investment

Saanich's investment portfolio is currently earning a combined rate of approximately 1.36% while maintaining the investment security established in the Investment Policy. The return on investment has decreased from the December 31, 2019 return of 2.23% due to the effects of the COVID-19 virus and the resulting downturn in the markets. The markets have rebounded in June of 2020 and though not quite to the pre-COVID levels, there is still uncertainty about how the rest of the year will materialize. Interest revenue is anticipated to come in below budgeted levels at the end of the fiscal year.

The Corporation of the District of Saanich

Report

To: Finance and Governance Committee
From: Valla Tinney, Director of Finance
Date: July 10, 2020
Subject: 2020 Tax Sale

RECOMMENDATION

That the Committee recommend that staff:

1. Bring forward a bylaw for Council consideration that defers the annual tax sale for 2020 to September 27, 2021
2. Bring forward a bylaw for Council consideration that extends the expiration of the redemption period for all properties that have a redemption period ending in 2020 to September 27, 2021 if any properties sold at the 2019 tax sale are unredeemed at the time of consideration of the bylaw.

PURPOSE

To present the option for deferral of the 2020 tax sale and extension of the 2020 redemption period.

BACKGROUND

As part of Ministerial Order No M159 (MO#159) under the Emergency Program Act and in light of the impact of the COVID-19 pandemic, the Province of BC implemented provisions "in the public interest to ensure that certain financial measures be authorized so that local governments have operating funds during the emergency and the impacts of the emergency are lessened by varying, extending or deferring requirements".

Tax sale legislation is established under the Local Government Act and requires all BC municipalities to conduct a tax sale for all properties that have delinquent taxes at 10:00 am on the last Monday of September. These provisions provide certainty to local government for the eventual collection of property taxes.

Saanich's approach to the annual tax sale is to make every attempt to ensure that no properties go up for auction at the annual tax sale. Generally, when taxes are delinquent there are stories of significant hardship attached, so Saanich staff put considerable effort into ensuring that the taxes are received by the deadline. In rare circumstances a property does go to tax sale. 2019 was one such year, with one property sold. The tax sale legislation does provide one last

opportunity for the property owner, which is referred to as the redemption period. A property owner whose property has been sold at tax sale has one year to "redeem" the property by paying defined amounts. The property sold at the 2019 tax sale is currently in its redemption period and staff are working with the owner and their representatives to resolve the matter prior to the end of the redemption period. Should the property be redeemed, an extension provision would not be needed.

DISCUSSION

Under MO#159, a municipality may, by bylaw adopted on or before August 31, 2020 defer the annual tax sale for 2020 until September 27, 2021. Additionally, the redemption period ending in 2020 may be extended to September 27, 2021.

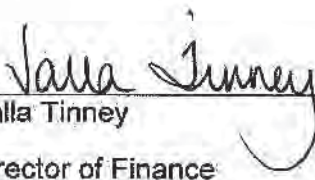

Given the financial hardship that is being experienced due to COVID-19, it is possible that property owners who intended to clear their delinquent taxes in 2020 may not be able to do so. Pursuing a tax sale process during the pandemic would seem to be an overly harsh approach and this has been recognized by the province and resulted in the provisions of MO#159. Deferral of the tax sale aligns with the suspension of utility penalties and the alternative tax scheme already approved by Council to provide relief.

Arrears and delinquent taxes would continue to accrue interest for the additional year. Given the small number of properties with delinquent taxes that could potentially be included in the tax sale, any financial implications are negligible to Saanich.

OPTIONS

1. Support the staff recommendation to defer the 2020 tax sale and extend the redemption period for 2020.
2. Reject the staff recommendation and retain the 2020 tax sale and redemption period.
3. Provide alternate direction.

 - (b) December 31, 2021.
- (2) The amount of any outstanding debt from 2020 that remains unpaid in 2021 under subsection (1) does not limit the maximum allowable amount of borrowing in anticipation of revenue in 2021 in respect of the regional district.
- (3) This section applies despite section 404 of the *Local Government Act*.

Extension of borrowing – City of Vancouver

12. (1) For debt incurred as borrowing in anticipation of revenue in 2020 in accordance with section 263 [*borrowing pending collection of real-property taxes*] of the *Vancouver Charter*, the money must be repaid on or before the earlier of the following dates:
- (a) the date when the anticipated revenue with respect to which the borrowing was authorized is received;
 - (b) December 31, 2021.
- (2) The amount of any outstanding debt from 2020 that remains unpaid in 2021 under subsection (1) does not limit, and need not be included in the calculation of, the maximum allowable amount of borrowing in anticipation of revenue in 2021.
- (3) This section applies despite section 263 of the *Vancouver Charter*.

**Extension of borrowing –
Greater Vancouver Sewerage and Drainage District**

13. (1) For debt incurred as borrowing in anticipation of revenue in 2020 in accordance with section 35 [*borrowing in anticipation of revenue*] of the *Greater Vancouver Sewerage and Drainage District Act*, the money must be repaid on or before the earlier of the following dates:
- (a) the date when the anticipated revenue with respect to which the borrowing was authorized is received;
 - (b) December 31, 2021.
- (2) The amount of any outstanding debt from 2020 that remains unpaid in 2021 under subsection (1) does not limit the maximum allowable amount of borrowing in anticipation of revenue in 2021.
- (3) This section applies despite section 35 of the *Greater Vancouver Sewerage and Drainage District Act*.

**Extension of borrowing –
Greater Vancouver Water District**

- 14 (1) For debt incurred as borrowing in anticipation of revenue in 2020 in accordance with section 58 [*borrowing in anticipation of revenue*] of the *Greater Vancouver Water District Act*, the money must be repaid on or before the earlier of the following dates:
- (a) the date when the anticipated revenue with respect to which the borrowing was authorized is received;
 - (b) December 31, 2021.
- (2) The amount of any outstanding debt from 2020 that remains unpaid in 2021 under subsection (1) does not limit the maximum allowable amount of borrowing in anticipation of revenue in 2021.
- (3) This section applies despite section 58 of the *Greater Vancouver Water District Act*.

Division 4 – Annual Tax Sales

Deferral of tax sale – municipalities

- 15 (1) A council of a municipality may, by bylaw adopted on or before August 31, 2020, defer the annual tax sale for 2020, provided for under Division 7 [*Annual Municipal Tax Sale*] of Part 16 [*Municipal Provisions*] of the *Local Government Act*, until September 27, 2021, with the effect that the annual tax sale would be on that date in respect of the upset price described in section 649 [*upset price for tax sale*] of that Act.
- (2) If a bylaw is adopted deferring the annual tax sale,
- (a) written notice must be sent within 2 weeks of the bylaw's adoption to the property owner of a property that is subject to the deferred annual tax sale advising the owner that
 - (i) the annual tax sale for 2020 has been deferred to September 27, 2021,
 - (ii) any taxes that are delinquent will remain delinquent for 2021, with applicable interest charges, and
 - (iii) unless the delinquent taxes are paid before the start of the tax sale on September 27, 2021, the property will be subject to tax sale on September 27, 2021,
 - (b) it is not required to provide public notice of the deferral of the annual tax sale, and
 - (c) for certainty, any taxes that are delinquent, as described in section 246 (1) [*delinquent taxes*] of the *Community Charter*, remain delinquent for 2021, with interest charges that are carried under that Act.
- (3) For certainty, this section does not limit the application of the *Local Government Act* to an annual tax sale in respect of a municipality that does not defer its annual tax sale.
- (4) This section applies despite Division 7 of Part 16 of the *Local Government Act*.

Deferral of tax sale – City of Vancouver

- 16 (1) The Vancouver council may, by bylaw adopted on or before August 31, 2020, defer the annual tax sale for 2020, provided for under section 422 [tax sale each year] of the *Vancouver Charter*, until November 10, 2021, with the effect that the annual tax sale would be on that date in respect of the upset price described in section 427 [price to be paid] of that Act.
- (2) If a bylaw is adopted deferring the annual tax sale,
- (a) written notice must be sent within 2 weeks of the bylaw's adoption to the property owner of a property that is subject to the deferred annual tax sale advising the owner that
 - (i) the annual tax sale for 2020 has been deferred to November 10, 2021,
 - (ii) any taxes that are delinquent will remain delinquent for 2021, with applicable interest charges, and
 - (iii) unless the delinquent taxes are paid before the start of the tax sale on November 10, 2021, the property will be subject to tax sale on November 10, 2021.
 - (b) it is not required to provide public notice of the deferral of the annual tax sale, and
 - (c) for certainty, any taxes that are delinquent, as described in section 407 [further warning of tax sale] of the *Vancouver Charter*, remain delinquent for 2021, with interest charges that are carried under that Act.
- (3) This section applies despite Part XX [Real-Property Taxation] of the *Vancouver Charter*.

Deferral of tax sale – improvement districts

- 17 (1) In this section, “deferral date” means, as applicable,
- (a) a date specified for the annual tax sale deferred by a bylaw in accordance with subsection (2), or
 - (b) September 27, 2021, if no date is specified in the bylaw.
- (2) An improvement district board may, by bylaw adopted on or before August 31, 2020, defer the annual tax sale for 2020, provided for under Division 6 [Tax Sales] of Part 17 [Improvement Districts] of the *Local Government Act*, until the deferral date, with the effect that the annual tax sale would be on the deferral date in respect of the upset price described in section 720 (2) (e) [tax sale notice to affected owners and charge holders] of that Act.
- (3) If a bylaw is adopted deferring the annual tax sale,
- (a) written notice must be sent within 2 weeks of the bylaw's adoption to the registered owner of land that is subject to the deferred annual tax sale advising the owner
 - (i) that the annual tax sale for 2020 has been deferred to the deferral date,
 - (ii) of the applicable deferral date of the deferred annual tax sale,
 - (iii) any taxes that remain owing will remain owing for 2021, with applicable interest charges, and

- (iv) that, unless the upset price, as set under section 720 (2) (e) of the *Local Government Act*, is paid before the start of the tax sale on the deferral date, the land will be subject to tax sale on the deferral date,
 - (b) it is not required to provide public notice of the deferral of the annual tax sale, and
 - (c) for certainty, any taxes that remain owing, as described in section 718 (1) (a) [*tax sale for recovery of taxes*] of the *Local Government Act*, remain owing for 2021, with interest charges that are carried under that Act.
- (4) For certainty, this section does not limit the application of the *Local Government Act* to tax sales in respect of an improvement district that does not defer its annual tax sale.
- (5) This section applies despite Division 6 of Part 17 of the *Local Government Act*.

Division 5 – Tax Sale Redemption Periods

Extension of redemption period – municipalities

- 18 (1) A council of a municipality may, by bylaw adopted on or before August 31, 2020, extend the expiration of the redemption period for all properties that have a redemption period ending in 2020, provided for under Division 7 [*Annual Municipal Tax Sale*] of Part 16 [*Municipal Provisions*] of the *Local Government Act*, to September 27, 2021.
- (2) If a bylaw is adopted extending the expiration of the redemption period,
- (a) written notice, advising that the redemption period has been extended to September 27, 2021, must be sent within 2 weeks of the bylaw's adoption
 - (i) to the property owner of a property that is subject to a redemption period that has been extended in accordance with subsection (1) of this section, and
 - (ii) to the tax sale purchaser, and
 - (b) it is not required to provide public notice of the extension of the redemption period.
- (3) For certainty, this section does not limit the application of the *Local Government Act* in respect of a municipality that does not extend the expiration of the redemption period.
- (4) This section applies despite Division 7 of Part 16 of the *Local Government Act*.

Extension of redemption period – City of Vancouver

- 19 (1) The Vancouver council may, by bylaw adopted on or before August 31, 2020, extend the expiration of the redemption period for all properties that have a redemption period ending in 2020, provided for under sections 422 [*tax sale each year*] to 454 [*period of limitation*] of the *Vancouver Charter*, to November 10, 2021.
- (2) If a bylaw is adopted extending the expiration of the redemption period,
- (a) written notice, advising that the redemption period has been extended to November 10, 2021, must be sent within 2 weeks of the bylaw's adoption

- (i) to the property owner of a property that is subject to a redemption period that has been extended in accordance with subsection (1) of this section, and
- (ii) to the tax sale purchaser, and
- (b) it is not required to provide public notice of the extension of the redemption period.
- (3) This section applies despite Part XX [*Real-Property Taxation*] of the *Vancouver Charter*.

Division 6 – Annual Reporting and Other Annual Requirements

Annual reporting requirements – annual municipal report

- 20 Despite the date referred to in section 98 (1) [*annual municipal report*] of the *Community Charter*, the applicable date for the requirements described in that section is August 31.

Annual reporting requirements – regional district finances reporting

- 21 Despite the date referred to in section 376 (1) [*annual reporting on regional district finances*] of the *Local Government Act*, the applicable date for the requirements described in that section is August 31.

Annual requirements – *Financial Information Act*

- 22 (1) In this section, “**corporation**” has the same meaning as in section 1 of the *Financial Information Act*.
- (2) This section only applies to a corporation to which a grant or advance may be made, or the borrowings of which may be guaranteed by the government, under the authority of the following enactments:
 - (a) the *Islands Trust Act*;
 - (b) the *Local Government Grants Act*;
 - (c) the *Municipal Aid Act*.
- (3) Despite the time period set out in section 2 (2) [*statement of financial information*] of the *Financial Information Act*, a corporation is to comply with the requirements of that subsection on or before August 31, 2020.
- (4) Despite the time period set out in section 2 (3) of the *Financial Information Act*, a corporation is to comply with the requirements of that subsection on or before August 31, 2020.

The Corporation of the District of Saanich

Report

To: Finance and Governance Committee
From: Valla Tinney, Director of Finance
Date: July 10, 2020
Subject: Finance 2020 Work Plan

RECOMMENDATION

That the Committee direct staff with respect to work underway for the Committee.

PURPOSE

To provide information on the timing of Finance Department initiatives and seek Committee direction on priorities and timing.

BACKGROUND

Finance Department staff are working on several initiatives for the Committee that have been impacted by the COVID-19 pandemic both directly and with respect to allocation of department resources. These initiatives are:

1. Open House for Public Engagement on the Financial Plan
2. Community Grants – Agreements for Schedule A recipients
3. Permissive Tax Exemptions
 - a. That staff be directed to develop for Committee review a Council Policy for Permissive Tax Exemption that provides clarity for applicants and Council, and review the current administrative procedures relating to property tax exemption applications with the purpose of implementing the amended policy statement and increasing the availability of information on permissive exemptions while minimizing the need for additional staff resources.
 - b. That staff be directed to provide a report to the Finance and Governance Committee on the financial impact of exempting current affordable housing properties and potential future affordable housing projects.

DISCUSSION

Several Committee directed Finance Department initiatives have been impacted by the critical allocation of staff time to supporting the Emergency Operations Centre starting in March, monitoring and developing strategies to manage the financial impacts of COVID-19 and adapting revenue collection processes due to closure of the Municipal Hall to the public.

1. Open House for Public Engagement on the Financial Plan

Given the restriction on public gatherings due to the COVID-19 pandemic, it is recommended that any work on developing an open house for public engagement on the financial plan be deferred until such time as business resumption for in person public engagement has been developed by Saanich. It is unlikely that a plan will be in place in time to develop an open house for 2021, but circumstances will be monitored.

2. Community Grants – Agreements for Schedule A recipients

Development of agreements for the grant recipients identified in Schedule A of the new Community Grants Policy requires dedicated time for Finance and Legal Services staff to work directly with representatives of the organizations. Due to current work load this is at high risk for not being completed by the end of 2020. As the policy states that “where a Contribution Agreement is not yet finalized, Council will confirm funding levels during the annual budget process” no policy amendments are required. It is anticipated that Council approval of grant funding will be required for the 2021 grants to these organizations.

3. Permissive Tax Exemptions

Work on the Council Policy for permissive tax exemptions was scheduled to be completed during March and April. Due to deployment to the EOC and related COVID-19 work, this project work has been delayed. As the 2021 tax exemptions need to be adopted by bylaw by this coming October 31st work needs to commence corresponding with all the current recipients in July. This does not leave sufficient time to develop and approve the policy and associated forms and information, notify recipients of any additional information requirements and review the larger volume of submitted materials.

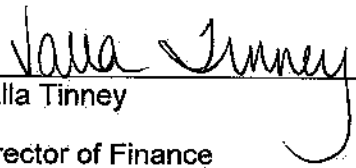

Options:

- a. Staff continue to work on this initiative in 2020 with sufficient time to roll it out for a 2022 – 2023 exemption. Another one year bylaw would be prepared for 2021.
- b. A three year bylaw (2021-2023) is prepared to align with the remaining term of Council. The policy and application work would be available for a return to a four year bylaw in 2024. This option is presented as it is less costly due to a reduced requirement for newspaper ads and utilizes less staff resources.

Staff have commenced work on a report to the Finance and Governance Committee on the financial impact of exempting current affordable housing properties and potential future affordable housing projects. Again, due to the delay resulting from deployment to deal with COVID-19 financial issues it is not feasible to complete this work to implement any potential changes for the 2021 exemption process. It is recommended that the financial impact be brought forward in the coming months and then assessed by the Committee in relation to associated strategies for affordable housing.

Two other major projects remain on hold. Budget software implementation has been deferred to 2021 and the Long Term Financial Plan approved by Council is on hold until such time as the financial impacts of the COVID-19 pandemic are better understood.

DISTRICT OF SAANICH
MINUTES OF THE SPECIAL COUNCIL MEETING
HELD IN THE COUNCIL CHAMBERS
SAANICH MUNICIPAL HALL, 770 VERNON AVENUE
TUESDAY JANUARY 28, 2020 AT 7:04 P.M.

Present: **Chair:** Mayor Haynes
Council: Councillors Brice, Brownoff, Chambers, de Vries, Harper, Mersereau, Plant and Taylor
Staff: Paul Thorkelsson, Chief Administrative Officer (CAO); Sharon Hvozdzanski, Director of Planning; Harley Machielse, Director of Engineering; Valla Tinney, Director of Finance; Brent Reems, Director of Building, Bylaw, Licensing and Legal Services; Ting Pan, Manager of Sustainability; Sharon Froud, Deputy Legislative Manager; and Lynn Merry, Senior Committee Clerk

**** Continuation of the January 20, 2020 Council meeting. Public input has already been received and is concluded on the items. Council deliberations continue.**

Mayor Haynes acknowledged the recent passing of Mr. Fred “Whitey” Severson.

MOVED by Councillor Plant and Seconded by Councillor Chambers: “That the rules of procedure contained in the Council Procedure Bylaw be temporarily suspended to allow agenda item C1 – Climate Plan: 100% Renewable and Resilient Saanich be considered before agenda item B2 – Recommendation to Include a New Investment in Road Safety in the Draft 2020 Budget.”

Council discussion ensued with the following comments:

- The report on Road Safety was prepared and in the queue before the Climate Plan.
- It is appropriate to consider the Climate Plan before the Road Safety Investment as some of the content is similar.
- There is merit in discussing the Climate Plan first as it is ongoing work directed by Council.
- There is a need to hear if funding is requested for the work outlined in the Climate Plan.

**The Motion was then Put and CARRIED
with Councillors de Vries, Harper, Mersereau and Taylor OPPOSED**

PLANNING, TRANSPORTATION AND ECONOMIC DEVELOPMENT ADVISORY COMMITTEE – CHAIR’S REMARKS – DISCUSSION ITEMS

Memo of the November 14, 2019 Planning, Transportation and Economic Development Advisory Committee meeting including the Chair’s November 7, 2019 memo, and resolved that Council give consideration to:

1. A request to staff to investigate and present options for the creation of a new economic development position as part of the 2020 Financial Plan process.
2. A request to staff to investigate and report on potential options for the development of a Strategic Real Estate function for Saanich.

3. A request to staff to investigate and develop Development Cost Charge waiver and reduction policy options based on, but not limited to, the information presented in the Chair's November 7, 2019 memo, and in accordance with *Bill 27-2008 The Local Government (Green Communities) Statutes Amendment Act, 2008*, to encourage and support the development of affordable rental housing in Saanich.
4. A request to staff to investigate and report back on options for regulating house sizes and home plates on agriculturally zone properties.
5. A request to staff to investigate and report back on potential options for creating a cash-in-lieu policy, including a fee schedule that takes into consideration the new minimum parking requirements and other factors as appropriate.

It was the consensus of Council to consider each item listed in the recommendation in seriatim.

MOVED by Councillor de Vries and Seconded by Councillor Mersereau: "That Council direct staff to investigate and present options for the creation of a new economic development position as part of the 2020 Financial Plan process."

Council discussion ensued with the following comments:

- An economic development staff position could assist with drafting an economic development strategy.
- Economic development would generate revenue and a stronger tax base in the long term.
- It may be appropriate to discuss the recommendation at Strategic Plan check-ins.

In response to questions from Council, the CAO stated:

- Economic development is a priority in the Strategic Plan but is not funded.
- Potential costs are needed to move forward.
- Utilizing the South Island Prosperity Partnership (SIPP) for its expertise may be considered.

MOVED by Councillor Harper and Seconded by Councillor Mersereau: "That the item - creation of a new economic development position, be referred for discussion at Strategic Planning check-ins."

Council discussion ensued with the following comments:

- Economic development will generate revenue.
- There is a need for a trained professional to develop a strategy.

The Motion to Refer was CARRIED

MOVED by Councillor de Vries and Seconded by Councillor Mersereau: "That Council direct staff to investigate and report on potential options for the development of a Strategic Real Estate function for Saanich."

Council discussion ensued with the following comments:

- A Strategic Real Estate function could look at strategic acquisitions and dispositions and the development of strategic partnerships that support the development of affordable housing.
- It could also look at proactive management of existing properties to generate additional revenue.
- There is a need to have a better understanding of the existing Land Agent role.

In response to questions from Council, the Director of Building, Bylaw, Licensing and Legal Services stated:

- The existing Land Agent position, which is overseen by the Municipal Solicitor, takes care of the day-to-day and transactional duties.
- Every land transaction is reviewed to maximize the return on investment.

In response to questions from Council, the CAO stated:

- Strategic acquisitions are undertaken as part of Master Plans and park acquisitions.
- Staff are looking at strategic leveraging of existing Saanich lands in partnership with other municipalities to develop affordable housing.
- The Real Estate function currently exists.

MOVED by Councillor Harper and Seconded by Councillor Mersereau: “That the item – development of a Strategic Real Estate function for Saanich, be referred to the Mayor’s Standing Committee on Finance and Governance.”

Council discussion ensued with the following comments:

- It would be helpful to have a report that outlines the duties of the current position.

**The Motion to Refer was CARRIED
with Councillor Chambers OPPOSED**

MOVED by Councillor de Vries and Seconded by Councillor Mersereau: “That Council direct staff to investigate and develop Development Cost Charge waiver and reduction policy options based on, but not limited to, the information presented in the Chair’s November 7, 2019 memo, and in accordance with *Bill 27-2008 The Local Government (Green Communities) Statutes Amendment Act, 2008*, to encourage and support the development of affordable rental housing in Saanich.”

Council discussion ensued with the following comments:

- A Development Cost Charge (DCC) waiver aligns with Saanich’s priorities to create affordable housing.

In response to questions from Council, the CAO stated:

- Staff are currently working on a waivers and reductions policy framework as part of phase two of the DCC process which will come to Council in the near future.

**** The Mover and Seconder agreed to withdraw the motion. ****

MOVED by Councillor de Vries and Seconded by Councillor Mersereau: “That Council direct staff to investigate and report back on options for regulating house sizes and home plates on agriculturally zoned properties.”

Council discussion ensued with the following comments:

- Regulation would meet the residential needs of farmers while protecting land in perpetuity.
- Staff are already undertaking this work.

In response to questions from Council, the Director of Planning stated :

- Housekeeping amendments to the Zoning Bylaw were recently approved by Council for lands within the Agricultural Land Reserve to make it consistent with changes by the British Columbia Agricultural Land Commission.
- Staff will be bringing forward a report in Q1 2020 on land which is rural zoned; the report would consider home plates and locating homes on the right area on the property.

MOVED by Councillor Plant and Seconded by Councillor Brice: “That the motion directing staff to investigate and report back on options for regulating house sizes and home plates on agriculturally zoned properties be postponed.”

The Motion to Postpone was CARRIED

MOVED by Councillor de Vries and Seconded by Councillor Mersereau: “That Council request staff to investigate and report back on potential options for creating a cash-in-lieu policy, including a fee schedule that takes into consideration the new minimum parking requirements and other factors as appropriate.”

Council discussion ensued with the following comments:

- New revenue sources would be beneficial in funding the Active Transportation Plan.
- Staff are currently working on off-street parking requirements.

In response to questions from Council, the Director of Planning stated:

- There are policy documents that request that off-street parking requirements be reviewed.
- The Climate Action program will look at the reduction of required parking standards.

MOVED by Councillor Mersereau and Seconded by Councillor Brice: “That the motion be amended to read: “That Council direct staff, when reviewing off-street parking requirements, to consider a cash-in-lieu policy, including a fee schedule that takes into consideration the new minimum parking requirements and other factors as appropriate.”

ARTS, CULTURE AND HERITAGE ADVISORY COMMITTEE – POET LAUREATE

Memo of the November 21, 2019 Arts, Culture and Heritage Advisory Committee meeting where members discussed the opportunity for Saanich to have both a youth and an adult Poet Laureate. The following recommendation was adopted at the December 12, 2019 meeting: “That it be recommended that Council create the concurring positions of Poet Laureate and Youth Poet Laureate.”

MOVED by Councillor Harper and Seconded by Councillor Taylor: “That Council create the concurring positions of Poet Laureate and Youth Poet Laureate.”

Council discussion ensued with the following comments:

- Creating these positions will have limited impact on the budget.
- It is appropriate to proactively provide opportunities for youths to grow and develop.
- Poetry transcends all cultures.
- The Greater Victoria Public Library may provide funding for the position.

MOVED by Councillor Plant and Seconded by Councillor Chambers: “That the motion be amended to add: “direct staff to look at partnerships and include up to \$5,000 in the 2020 budget to fund the positions”.”

ARTS, CULTURE AND HERITAGE ADVISORY COMMITTEE – SAANICH ARTS AND CULTURE POLICIES

Memo of the November 21, 2019 Arts, Culture and Heritage (ACH) Advisory Committee meeting regarding recommendations from the ACH Policy Work Group pertaining to arts in the municipality. The following recommendation was adopted at the December 12, 2019 meeting: “That it be recommended that:

1. The Arts, Culture and Heritage Advisory Committee asks for clarification or reaffirmation from Council that the statements regarding the arts as an essential element in the Municipality of Saanich are still relevant and a municipal initiative worth investing in.

MOVED by Councillor Brice and Seconded by Councillor Plant: “That Council approve and issue Temporary Use Permit TUP00007 on Parcel B (DD 33373I) of Section 92, Lake District, except amended Parcel 2 (DD 171872I) of said Parcel B, and except part in Plan 10212 (226 Stevens Road) for three additional years.”

Council discussion ensued with the following comments:

- The organization Power To Be that operates on the site gives youths the opportunity to get outside and connect with nature.
- The applicant should consider the next steps for when the Temporary Use Permit expires in three years.

The Motion was then Put and CARRIED

4850 MAJOR ROAD – DEVELOPMENT VARIANCE PERMIT APPLICATION

Report of the Director of Planning dated April 6, 2020 recommending that Council approve Development Variance Permit DVP00431 to vary the height of a Single Family Dwelling.

MOVED by Councillor Brice and Seconded by Councillor Plant: “That Council approve and issue Development Variance Permit DVP00431 on Lot 1, Section 121, Lake District, Plan EPP46231 (4850 Major Road).”

In response to questions from Council, the Director of Planning stated:

- The variance requested is for the height of the single family dwelling.
- Height surveys are required as part of the building process; a survey on this development determined that the height was inconsistent with the approved Building Permit
- It is not a common occurrence for a building to be significantly over the permitted height.
- If the requested variance was not approved, it may mean the applicant would need to adjust the plans with significant costs to reframe the building and the possibility of additional design work.

In response to questions from Council, the CAO stated:

- A Stop Work Order was issued as a result of the height survey and construction must cease until the issue has been dealt with.
- Further research could take place to determine if charging an increased fee for post built variances would be legal.
- Fees and charges are based on the cost of providing the service.

Council discussion ensued with the following comments:

- It would not be appropriate to have the applicant deconstruct or rebuild the house.
- The variance is not supportable as it may be precedence setting for other development.

**The Motion was then Put and CARRIED
with Councillor Chambers OPPOSED**

MOVED by Councillor Plant and Seconded by Councillor Brice: “That Council refer the matter of post built variances to the Mayor’s Standing Committee on Finance and Governance.”

Council discussion ensued with the following comments:

- The various issues and implications of post built variances are worthy of discussion at the committee level.
- Staff and Council time for these types of variances could be considered for fees and charges.

2020 ALTERNATIVE TAX SCHEME

Report of the Director of Finance dated April 22, 2020 recommending that Council direct staff to prepare a bylaw to implement an alternative tax scheme for the following provisions:

- Retain July 2, 2020 as the property tax due date for all classes.
- Provide a one month grace period for residential and farm properties (Classes 1 & 9) with a 3% penalty applied to unpaid taxes on August 1, 2020 and a further 7% penalty applied to unpaid taxes on October 1, 2020.
- 7% penalty applied to business classes (4, 5, 6, 7 & 8) and mixed rate properties including these classes on October 1, 2020 and a further 3% applied on unpaid taxes on December 1, 2020.
- Terms that establish that a penalty will not be applied until October 1, 2020 to those outstanding taxes that represent an eligible home owner grant that was not claimed by the due date or was claimed but with errors that required it to be disallowed.

MOVED by Councillor Brice and Seconded by Councillor Plant: “That Council direct staff to prepare a bylaw to implement an alternative tax scheme for the following provisions:
