Dear Minister Rankin:

RE: SOUND ATTENUATION – PATRICIA BAY HIGHWAY

On April 25, 2022, Saanich Council considered a memo from Councillor Brownoff dated March 20, 2022 and passed the following resolution:

“That Council write the Ministry of Transportation and Infrastructure to ask they re-evaluate the sound impacts from the Patricia Bay Highway traffic to Saanich residents in and around the Falaise Drive area and look to reduce these impacts through sound attenuation techniques.”

A copy of the memo and an excerpt from the minutes is attached for information.

Sincerely
