

PICTURES OF SAANICH HORTICULTURAL DISPLAYS

Saanich Parks has a number of seasonal display beds in parks, streetscapes and around municipal facilities. We have a variety of garden displays from across Saanich to show the types of garden beds we develop.

The picture below shows the colourful planting on Elk Lake Drive in front of Saanich Commonwealth Place.

This impressive display bed below is in a traffic island at the corner of Blenkinsop and Cedar Hill Cross Road.

This welcoming planting is at the Admirals Road end of Gorge Waterway Park.

This towering display bed is located in Rendle Green at the intersection of Richmond Road and Cedar Hill Cross Road.

This is a great example of how you can integrate vegetables with bedding plants to create a stunning display that can also provide food. This planting was on Blanshard Street near Cloverdale Avenue.

An impressive show of annual and perennial plants from the corner of McKenzie Avenue and Cedar Hill Cross Road.

This picture shows a seasonal display bed at the Municipal Hall on Vernon Avenue. We plant fewer seasonal displays to improve sustainability.

We are continuing to find ways to reduce the amount of water and maintenance required in all our landscapes while still providing the visually appealing plantings that Saanich residents enjoy and take pride in!

For more information on Saanich Horticultural displays, visit our website saanich.ca and look under the Parks section!
