SaanichMap Find Properties by Street Name

Introduction

The SaanichMap "Find by Street Name" tool enables quick searching for all properties associated with a specific street name.

Find by Street Name

In the "I want to..." menu, select the "Find by Street Name" tool.

Start typing the street name you wish to search. Select the street from the autofill dropdown list and click Submit.

Find by Street Name ×				
Enter a Street Name.				
As you type, a filtered list of matching street names will display to help you find an exact match.				
Choose a Street Name from the list to populate the text box quickly and click Submit to get your request. The results provided will show all addresses on record for the requested street name.				
(Example: VERNON AVE).				
Street Name:	Verno			
-	VERNON AVE	incel		
				←

Saan

The map will zoom to the extent of the selected street and all the properties on the street will be listed on the left panel and highlighted in yellow on the map.
