

Questions Prior to Application

Before submitting an application for a garden suite, we recommend that you spend some time investigating the following questions. The information gathered will help you identify potential issues and prepare your submission.

1 Zoning and Building Code (Need help? Visit the [Planning Department](#))

1. Does your lot meet the basic eligibility requirements for a garden suite?
 - Is your lot zoned RS or RD?
 - Is your lot inside the Sewer Service Area and/or the Urban Containment Boundary?
 - Is your lot a minimum of 400 m²?
 - Is your lot a minimum of 12 m wide?
 - Is the principal building on your lot a single family dwelling?

2. Will you need to vary any of the zoning regulations for your garden suite?

3. Where will you put a 1.0 m wide pedestrian pathway to access the garden suite?

4. Where will you locate one additional parking space for the garden suite?

5. Do you have an existing accessory building on your property?
 - Where is it located?
 - What is the area in square metres?
 - How will your accessory building contribute to your total lot coverage?

6. Are you aware of any encumbrances (e.g. a covenant) on your property that could impact your ability to build a garden suite?

2 Other Considerations

1. Is there a Development Permit associated with the property that needs amending or discharging?

2. Is your property on the Heritage Register?
